# BUICK LACROSSE

2 0 0 8

In a world filled with "me too" mid-size sedans, there's one beautiful exception. The carefully crafted Buick® LaCrosse®. From the outset, it was designed to look and feel unlike anything else in its class. Bright chrome flashes from its massive new waterfall grille. Its sheet metal is sculpted with contemporary flair. QuietTuning® brings peace to an interior that is a study in understated sophistication. Premium amenities that come at extra cost on many mid-size cars are standard equipment. Even the power and handling are impressively refined. Exceptional beauty, comfort and confidence on the road. That's what makes the mid-size Buick LaCrosse an exceptionally rewarding car to drive.

# BUICK LACROSSE SUPER

2 0 0 8

Buick® has rekindled a name from its storied twentieth century past to mark the beginning of a premium new level of decidedly 21st century automobiles: the Super Series. Every Buick that carries the Super designation will earn that right by offering its owner an exclusive combination of refinements and enhancements that elevate the driving experience. And the very first member of the new Super Series line is the LaCrosse Super. The new hood and front fascia bristle with confidence. Signature Buick portholes and exclusive 18- x 7-inch aluminum wheels presage the presence of a 300-hp V8. Inside, even the instrument panel graphics get special treatment. From the very first glance, it's obvious that this is a very special Buick. Welcome to the new Buick LaCrosse Super.
