Overview

Keeping your eyes on the road and your mind on the drive is important for safe driving. The infotainment system has built-in features intended to help with this by disabling some features when driving. A pop-up displays when a feature is not available when the vehicle is in motion.

Infotainment System

Introduction

Infotainment

The names, logos, emblems, slogans, vehicle model names, and vehicle body designs appearing in this manual including, but not limited to, GM, the GM logo, BUICK, the BUICK Emblem, and the names LaCrosse, Regal, and Verano, CHEVROLET, the CHEVROLET Emblem, and the names Equinox, Malibu, and Volt, GMC, the GMC Truck Emblem, and the name TERRAIN are registered trademarks of General Motors Corporation LLC, its subsidiaries, affiliates, or licensors.

The information in this manual supplements the owner manual. This manual includes the latest information available at the time it was printed. We reserve the right to make changes in the product after that time without notice. For vehicles first sold in Canada, substitute the name General Motors of Canada Limited for Buick Motor Division, Chevrolet Motor Division, or GMC whenever it appears in this manual.

Keep this manual with the owner manual in the vehicle, so it will be there if it is needed. If the vehicle is sold, leave this manual in the vehicle.
4 Infotainment System

All functions are available when the vehicle is parked. Do the following before driving:

- Become familiar with the infotainment system operation, buttons on the faceplate, and touch screen buttons.
- Set up the audio by presetting favorite stations, setting the tone, and adjusting the speakers.
- Set up phone numbers in advance so they can be called easily by pressing a single button or by using a single voice command for vehicles equipped with phone capability.
- Pair the phone for hands-free calling and streaming audio features.

<table>
<thead>
<tr>
<th>WARNING</th>
</tr>
</thead>
<tbody>
<tr>
<td>Taking your eyes off the road too long or too often while using the infotainment system could cause a crash and you or others could be injured or killed. Focus your attention on driving and limit glances at the infotainment screen. Use voice recognition whenever possible.</td>
</tr>
</tbody>
</table>

Modifications to any phone/device may result in the radio not working properly. Make sure that any device attached has the latest available operating system and has not been modified.

Some software on phones such as Task Management may affect the phone functionality of the radio.

Infotainment System Overview

The infotainment system is controlled by using the buttons, touch screen, steering wheel controls, and voice recognition. See Using the System on page 23.
Buick LaCrosse Overview

A. VOL/✪ (Volume/Power)
   - Press to turn the system on and off.
   - Turn to adjust the volume.

B. FAV (Favorites Menu)
   - Press to display or change the current favorite page number above the preset buttons. Keep pressing to scroll through the favorites pages. The stored stations for each list display on the bottom of the screen. The number of preset Favorite Pages can be changed by pressing the Config button on the Home Page, then pressing Radio Settings, and then pressing Number of Favorite Pages.

C. Buttons 1–6
   - When using AM, FM, or XM (if equipped), the preset buttons can be used to select stored stations.
6 Infotainment System

D. INFO (Information)
   • Press to display available source information.

E. TUNE / / (Tune/Play/Pause)
   • Turn to manually find a station.
   • Press to pause or resume playback. This feature is unavailable for AM, FM, and XM (if equipped). See CD Player on page 38, Pandora Internet Radio on page 30, Stitcher Internet Radio on page 34, USB on page 41, or Bluetooth Audio on page 47.

F. (Home Page)
   • Press to go to the Home Page. See “Home Page” in this section.

G. (Previous/Reverse)
   • CD, USB, Bluetooth Audio: Press to seek to the beginning of the current or previous track.
   • CD, USB, Bluetooth Audio: Press and hold to quickly reverse through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   • AM, FM, XM (if equipped): Press to seek to the previous strong station.

H. (Eject)
   • Press to eject a disc from the CD player. See CD Player on page 38.

I. CD Slot

J. (Next/Forward)
   • CD, USB, Bluetooth Audio: Press to seek the next track.
   • CD, USB, Bluetooth Audio: Press and hold to fast forward through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   • AM, FM, XM (if equipped): Press to seek to the next strong station.

K. SOURCE
   • Press to change the audio source to AM, FM, XM (if equipped), Pandora®, Stitcher®, CD, USB, AUX, or Bluetooth® Audio.

L. Multifunction Knob
   • Turn to highlight a feature.
M. SELECT
   • Press to activate the highlighted feature.

N. CONFIG (Configuration Menu)
   • Press to adjust features for Languages, Time and Date, Radio Settings, Phone Settings, Display Settings, and Vehicle Settings.

O. BACK
   • Press to return to the previous screen in a menu.

P. ⌚ (Clock Menu)
   • Press to set the time. Press + or − to increase or decrease the hours and minutes displayed on the clock. See “Clock” in the owner manual.

Q. TONE
   • Press to access the Tone Settings menu screen to adjust Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. Tone settings are specific to each source. See AM-FM Radio on page 25.

R. ✆ (Phone Menu)
   • Press to enter the phone main screen. Press and hold to mute or unmute the infotainment system. See Bluetooth on page 53 or “OnStar” in the owner manual.
8 Infotainment System

Buick Regal Overview

A. HOME
   - Press to go to the Home Page. See “Home Page” in this section.

B. SRCE (Source)
   - Press to change the audio source to AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, or Bluetooth Audio.

C. (Previous/Reverse)
   - CD, USB, Bluetooth Audio: Press to seek to the beginning of the current or previous track.
   - CD, USB, Bluetooth Audio: Press and hold to quickly reverse through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   - AM, FM, XM (if equipped): Press to seek to the previous strong station.

D. CONFIG (Configuration Menu)
   - Press to adjust features for Languages, Time and Date, Radio Settings, Phone Settings, Display Settings, and Vehicle Settings.
E. < > (Next/Forward)
   - CD, USB, Bluetooth Audio: Press to seek the next track.
   - CD, USB, Bluetooth Audio: Press and hold to fast forward through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   - AM, FM, XM (if equipped): Press to seek to the previous strong station.

F. < > (Volume/Power)
   - Press to turn the system on and off.
   - Turn to adjust the volume.

G. Buttons 1–6
   - When using AM, FM, or XM (if equipped), the preset buttons can be used to select stored stations.

H. ☐ (Clock Menu)
   - Press to set the time. Press + or − to increase or decrease the hours and minutes displayed on the clock. See “Clock” in the owner manual.

I. INFO (Information)
   - Press to display available source information.

J. ☼ / ☞ (Phone/Mute)
   - Press to enter the phone main screen. See Bluetooth on page 53 or “OnStar” in the owner manual.
   - Press and hold to mute and unmute the infotainment system.

K. TONE
   - Press to access the Tone Settings menu screen to adjust Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. Tone settings are specific to each source. See AM-FM Radio on page 25.

L. BACK
   - Press to return to the previous screen in a menu.

M. CD Slot

N. Multifunction Knob
   - Press to enter the menu for the current band or media.
   - Turn to highlight a feature.
   - Press to activate the highlighted feature.
   - Turn to manually change the radio station.
10 Infotainment System

O. ▶ ▶ (Play/Pause)
   • Press to pause or resume playback. This feature is unavailable for AM, FM, and XM (if equipped). See CD Player on page 38, Pandora Internet Radio on page 30, Stitcher Internet Radio on page 34, USB on page 41, or Bluetooth Audio on page 47.

P. △△ (Eject)
   • Press to eject a disc from the CD player. See CD Player on page 38.

Q. FAV 1/2/3 (Favorite Pages)
   • Press to display or change the current favorite page number above the preset buttons. Keep pressing to scroll through the favorites pages. The stored stations for each list displays on the bottom of the screen.

R. AS 1/2 (Autostore)
   • See “Autostore” in this section for more information.

The number of preset Favorite Pages can be changed by pressing the Config button on the Home Page, then pressing Radio Settings, and then pressing Number of Favorite Pages.
Buick Verano Overview

A. HOME (Home Page)
   - Press to go to the Home Page. See “Home Page” in this section.

B. Buttons 1−6
   - When using AM, FM, or XM (if equipped), the preset buttons can be used to select stored stations.

C. (Previous/Reverse)
   - CD, USB, Bluetooth Audio: Press to seek to the beginning of the current or previous track.
   - CD, USB, Bluetooth Audio: Press and hold to quickly reverse through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.

D. (Power/Volume)
   - AM, FM, XM (if equipped): Press to seek to the previous strong station.
   - Press to turn the system on and off.
   - Turn to adjust the volume.
12 Infotainment System

E. ✯✯✯ (Next/Forward)
   • CD, USB, Bluetooth Audio: Press to seek the next track.
   • CD, USB, Bluetooth Audio: Press and hold to fast forward through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   • AM, FM, XM (if equipped): Press to seek to the previous strong station.

F. FAV 1-2-3 (Favorite Pages)
   • Press to display or change the current favorite page number above the preset buttons. Keep pressing to scroll through the favorite pages. The stored stations for each list displays on the bottom of the screen. The number of preset Favorite Pages can be changed by pressing the Config button on the Home Page, then pressing Radio Settings, and then pressing Number of Favorite Pages.

G. SRCE (Source)
   • Press to change the audio source to AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, or Bluetooth Audio.

H. ✯ / ✯ (Play/Pause)
   • Press to pause or resume playback. This feature is unavailable for AM, FM, and XM (if equipped). See CD Player on page 38, Pandora Internet Radio on page 30, Stitcher Internet Radio on page 34, USB on page 41, or Bluetooth Audio on page 47.

I. ✨ / ✷ (Phone/Mute)
   • Press to enter the phone main screen. See Bluetooth on page 53 or “OnStar” in the owner manual.
   • Press and hold to mute the infotainment system. Press again to unmute.

J. CD Slot

K. TONE
   • Press to access the Tone Settings menu screen to adjust Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. Tone settings are specific to each source. See AM-FM Radio on page 25.
Infotainment System

L. BACK
   • Press to return to the previous screen in a menu.

M. TUNE/MENU (Multifunction Knob)
   • Press to enter the menu for the current band or media.
   • Turn to highlight a feature. Press to activate the highlighted feature.
   • Turn to manually change the radio station.

N. CONFIG (Configuration Menu)
   • Press to adjust features for Languages, Time and Date, Radio Settings, Phone Settings, Display Settings, and Vehicle Settings.

O. INFO (Information)
   • Press to display available source information.

P. EJECT (Eject)
   • Press to eject a disc from the CD player. See CD Player on page 38.

Q. (Clock Menu)
   • Press to set the time. Press + or − to increase or decrease the hours and minutes displayed on the clock. See “Clock” in the owner manual.

R. AS 1-2 (Autostore)
   • See “Autostore” in this section for more information.
14 Infotainment System

Chevrolet Equinox and GMC Terrain Overview

A. VOL/Ô (Volume/Power)
   • Press to turn the system on and off.
   • Turn to adjust the volume.

B. SEEK (Previous/Reverse)
   • CD, USB, Bluetooth Audio: Press to seek to the beginning of the current or previous track.
   • CD, USB, Bluetooth Audio: Press and hold to quickly reverse through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   • AM, FM, XM (if equipped): Press to seek to the previous strong station.
C. FAV (Favorite Pages)
   - Press to display or change the current favorite page number above the preset buttons. Keep pressing to scroll through the favorites pages. The stored stations for each list displays on the bottom of the screen. The number of preset Favorite Pages can be changed by pressing the Config button on the Home Page, then pressing Radio Settings, and then pressing Number of Favorite Pages.

D. SOURCE
   - Press to change the audio source to AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, or Bluetooth Audio.

E. Buttons 1–6
   - When using AM, FM, or XM (if equipped), the preset buttons can be used to select stored stations.

F. HOME (Home Page)
   - Press to go to the Home Page. See “Home Page” in this section.

G. BACK
   - Press to return to the previous screen in a menu.

H. INFO (Information)
   - Press to display available source information.

I. MENU/SEL (Menu/Select)
   - Press to enter the menu for the current band or media.
   - Turn to highlight a feature.
   - Press to activate the highlighted feature.
   - Turn to manually change the radio station.

J. /\ (Play/Pause)
   - Press to pause or resume playback. This feature is unavailable for AM, FM, and XM (if equipped). See CD Player on page 38, Pandora Internet Radio on page 30, Stitcher Internet Radio on page 34, USB on page 41, or Bluetooth Audio on page 47.

K. \ (Mute)
   - Press to mute the system. Press again to unmute.

L. (Phone Menu)
   - Press to enter the phone main screen. See Bluetooth on page 53 or “OnStar” in the owner manual.

M. SEEK (Next/Forward)
   - CD, USB, Bluetooth Audio: Press to seek the next track.
16 Infotainment System

- CD, USB, Bluetooth Audio: Press and hold to fast forward through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.

- AM, FM, XM (if equipped): Press to seek to the previous strong station.

N. (Clock Menu)
- Press to set the time. Press + or - to increase or decrease the hours and minutes displayed on the clock. See “Clock” in the owner manual.

O. CONFIG (Configuration Menu)
- Press to adjust features for Languages, Time and Date, Radio Settings, Phone Settings, Display Settings, and Vehicle Settings.

P. (Eject)
- Press to eject a disc from the CD player. See CD Player on page 38.

Q. TONE
- Press to access the Tone Settings menu screen to adjust Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. Tone settings are specific to each source. See AM-FM Radio on page 25.
Malibu Overview

A. VOL/ (Volume/Power)
   • Press to turn the system on and off.
   • Turn to adjust the volume.

B. FAV (Favorite Pages)
   • Press to display the current page number above the preset buttons. The stored stations for each list display on the touch-sensitive preset buttons at the bottom of the screen. The number of preset FAV lists can be changed in the Configuration Menu.

C. (Home Page)
   • Press to go to the Home Page. See “Home Page” in this section.

D. SOURCE
   • Press to change the audio source to AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, or Bluetooth Audio.

E. (Phone/Mute)
   • Press to enter the phone main screen. See Bluetooth on page 53 or “OnStar” in the owner manual.

- Press to pause or resume playback. This feature is unavailable for AM, FM, and XM (if equipped). See CD Player on page 38, Pandora Internet Radio on page 30, Stitcher Internet Radio on page 34, USB on page 41, or Bluetooth Audio on page 47.

K. CD Slot

L. SEEK

- CD, USB, Bluetooth Audio: Press to seek to the beginning of the current or previous track.

- AM, FM, XM (if equipped): Press to seek to the previous strong station.

- CD, USB, Bluetooth Audio: Press to seek the next track.
Infotainment System

- CD, USB, Bluetooth Audio: Press ▶️ and hold to fast forward through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
- AM, FM, XM (if equipped): Press ▶️ to seek to the previous strong station.

M. CONFIG (Configuration Menu)
- Press to adjust features for Languages, Time and Date, Radio Settings, Phone Settings, Display Settings, and Vehicle Settings.

N. TONE
- Press to access the sound menu screen to adjust bass, midrange, and treble. See AM-FM Radio on page 25.

O. INFO (Information)
- Press to access the Tone Settings menu screen to adjust Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. Tone settings are specific to each source. See AM-FM Radio on page 25.
20 Infotainment System

Chevrolet Volt Overview

A. (Home Page)
   - Press to go to the Home Page. See “Home Page” in this section.

B. SOURCE
   - Press to change the audio source to AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, or Bluetooth Audio.

C. (Phone Menu)
   - Press to enter the phone main screen. See Bluetooth on page 53 or “OnStar” in the owner manual.
   - Press and hold to mute or unmute the infotainment system.

D. TUNE/MENU
   - Press to enter the menu for the current band or media.
   - Turn to highlight a feature.
• Press to activate the highlighted feature.
• Turn to manually change the radio station.

E. BACK
• Press to return to the previous screen in a menu.

F. TONE
• Press to access the Tone Settings menu screen to adjust Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. Tone settings are specific to each source. See AM-FM Radio on page 25.

G. CONFIG (Configuration Menu)
• Press to adjust features for Languages, Time and Date, Radio Settings, Phone Settings, Display Settings, and Vehicle Settings.

H. (Eject)
• Press to eject a disc from the CD player. See CD Player on page 38.

I. SEEK (Previous/Reverse)
• CD, USB, Bluetooth Audio: Press to seek to the beginning of the current or previous track.
• CD, USB, Bluetooth Audio: Press and hold to quickly reverse through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
• AM, FM, XM (if equipped): Press to seek to the previous strong station.

J. FAV (Favorites)
• Press to display the current favorite page number above the preset buttons. Keep pressing to scroll through the favorites pages. The stored stations for each list displays on the bottom of the screen. The number of preset Favorite Pages can be changed by pressing the Config button on the Home Page, then pressing Radio Settings, and then pressing Number of Favorite Pages.

K. AS 1-2 (Autostore)
• See “Autostore” in this section for more information.

L. INFO (Information)
• Press to display available source information.
22 Infotainment System

M. VOL/ ✔ (Volume/Power)
   • Press to turn the system on and off.
   • Turn to adjust the volume.

N. ‹/ › (Play/Pause)
   • Press to pause or resume playback. This feature is unavailable for AM, FM, and XM (if equipped). See CD Player on page 38, Pandora Internet Radio on page 30, Stitcher Internet Radio on page 34, USB on page 41, or Bluetooth Audio on page 47.

O. TP (Time Program)
   • Press to set the time. Press + or − to increase or decrease the hours and minutes displayed on the clock. See “Clock” in the owner manual.

P. ✖ (Mute)
   • Press to mute the system. Press again to unmute.

Q. SEEK ▶ (Next/Forward)
   • CD, USB, Bluetooth Audio: Press to seek the next track.
   • CD, USB, Bluetooth Audio: Press and hold to fast forward through a track. Release the button to return to playing speed. See CD Player on page 38, USB on page 41, or Bluetooth Audio on page 47.
   • AM, FM, XM (if equipped): Press to seek to the previous strong station.

Autostore
If equipped, Autostore searches and stores six FM and six AM stations with the strongest signal.

To use Autostore:
1. Press SOURCE or SRCE to select FM or AM.
2. Press the AS 1/2 or AS 1-2 button for two seconds.
3. The radio searches and automatically stores the six strongest stations.

Press the AS 1/2 or AS 1-2 button to alternate between the Autostore stations and favorites.

Autostore does not delete previously stored favorite stations.
Autostore does not function with XM radio stations.
Using the System

The infotainment system is controlled by touching the screen; by using the knobs, and other buttons.

Voice recognition, through the steering wheel controls, can be used to control the infotainment features.

Press $\circlearrowright$ / $\circlearrowleft$ on the steering wheel controls to begin voice recognition. See Voice Recognition on page 48.

Home Page

Back: Press to return to the previous page.

Home: Press to go back to the Home Page.

Fav: Press to display a page of stored (favorite) AM, FM, or XM (if equipped) stations. Keep pressing Fav to scroll through the favorite pages.

More $\triangleright$: Press to go to the next page.

Page 1 of the Home Page Menu can be customized. Up to eight icons can be selected and sorted for the first Home Page screen.

To customize the Home Page, press Menu and use one of the following options:

Customize: Press to select an application to add to page 1 of the Home Page.

Sort: Press to select an icon to move and swap with another icon.

Restore Home Page Defaults: Press to restore the default icons on the home page. Select Yes or Cancel.

See Home Page Customization on page 52.

Home Page Features

Touch screen buttons are highlighted when a feature is available.

Various functions are disabled when the vehicle is moving.

Now Playing: Press to display the active source page. The sources that may be available are AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, and Bluetooth Audio.

Touch Screen Buttons

The Home Page allows access to many of the features.
24 Infotainment System

Phone: Press to display the Phone main page. See Bluetooth on page 53 and Hands-Free Phone on page 59.

Config: Press to display the Configuration Settings main page. From this display, adjust the language, time and date, radio, phone, display, and vehicle settings.

Tone Settings: Press to display the Tone Settings main page. Adjust the tone and speakers by pressing the screen buttons to change the levels of sound for Bass, Mid (Midrange), Treble, EQ, Fade, and Balance. See AM-FM Radio on page 25.

FM: Press to display the FM main page and play the current or last tuned FM station. See AM-FM Radio on page 25.

AM: Press to display the AM main page and play the current or last tuned AM station. See AM-FM Radio on page 25.

XM: Press (if equipped) to display the XM main page and play the current or last tuned XM station. See Satellite Radio on page 28.

Pandora: Press to display the Pandora main page and play the current or last tuned station. See Pandora Internet Radio on page 30.

Stitcher: Press to display the Stitcher main page and play the current or last tuned station. See Stitcher Internet Radio on page 34.

Bluetooth Audio: Press to display the Bluetooth Audio main page and play the current or last song played. See Bluetooth Audio on page 47.

CD: Press to display the CD main page and play the current or last CD track selected. See CD Player on page 38.

USB Media: Press to display the USB Media main page and play the current or last track selected. See USB on page 41.

AUX: Press to access any connected auxiliary device. See Auxiliary Devices on page 46.
Radio

AM-FM Radio

Playing the Radio

VOL/ (Volume/Power):
- Press to turn the radio on or off.
- Turn to increase or decrease the volume of the active source.

The steering wheel controls can also be used to adjust the volume. See Steering Wheel Controls on page 40.

Radio Operation

The radio will work when the key is in ON/RUN or ACC/ACCESSORY. When the key is turned from ON/RUN to LOCK/OFF, the radio will continue to work for 10 minutes or until the driver door is opened.

The radio can be turned on by pressing the power button on the radio and will stay on for 10 minutes. Opening the driver door will not turn the radio off when pressing the power button.

Some radios may stay on longer and reset the time for 10 minutes if there are any additional presses of any radio button.

The radio can be turned off at any time by pressing the power button.

Audio Source

Press SOURCE or SRCE to display and scroll through the available sources AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, and Bluetooth Audio.

Infotainment System Settings

Tone Settings

To access the tone settings, press TONE or the Tone Settings icon on the Home Page. Tone settings are specific to each source.

To adjust the settings:
- Bass: Press + or – to change the level.
- Mid (Midrange): Press + or – to change the level.
- Treble: Press + or – to change the level.
- EQ: Press or turn the Multifunction knob or MENU knob to cycle through the preset EQ options.
- Fade: Press the F or R button for more sound from the front or rear speakers. The middle position balances the sound between the front and rear speakers.
26 Infotainment System

• Balance: Press the L or R button for more sound from the left or right speakers. The middle position balances the sound between the left and right speakers.

Finding a Station

Press SOURCE or SRCE to select AM, FM, XM (if equipped), Pandora, Stitcher, CD, USB, AUX, and Bluetooth Audio.

Turn the TUNE, Multifunction, or MENU knob to find a radio station. To select a preset station, press FAV to scroll through the favorite pages and then press a preset button on the radio or the screen button.

Seeking a Station

Press SEEK or SEEK to search for a station.

AM
1. Press the AM screen button on the Home Page or select AM by pressing SOURCE or SRCE, or say “Tune AM” or “AM” through voice recognition.
2. Press the Menu screen button to display the AM stations or categories.
3. Press to select an option. To update the station list, press Refresh.

FM
1. Press the FM screen button on the Home Page or select FM by pressing SOURCE or SRCE, or say “Tune FM” or “FM” through voice recognition.
2. Press the Menu screen button to display the FM stations or categories.
3. Press to select an option. To update the station list, press Refresh.
Infotainment System 27

SiriusXM (If Equipped)
1. Press the XM screen button on the Home Page or select XM by pressing SOURCE or SRCE, or say “Tune XM” or “XM” through voice recognition.
2. Press the Menu screen button to display the XM categories.
3. Press a category and then turn the Multifunction or MENU knob to scroll the station list. Press to select an option.

Storing Radio Station Presets
Up to 36 preset stations can be stored. AM, FM, and XM (if equipped) can be mixed.

1. From the AM, FM, or XM main page, press and hold any 1–6 buttons or one of the preset screen buttons at the bottom of the screen. After a few seconds, a beep is heard and the new preset information displays on that screen button.
2. Repeat for each preset.

Mixed-Band Presets
Each favorite page can store six preset stations. The presets within a page can be from different radio bands.

To scroll through the pages, press FAV or the Fav screen button on the top bar. The current page number displays above the preset buttons. The stored stations for each favorite page display on the preset buttons.

Recalling a Preset Station
To recall a preset station from a favorites page, do one the following:

- Press FAV to display the pop-up. Select the preset from the pop-up.
- Press the Fav screen button at the top bar to display the preset pop-up. Press one of the preset screen buttons to go to the selected preset station.
- In the AM, FM, or XM (if equipped) main page, press one of the preset screen buttons to go to the selected preset station.

To change the number of favorite pages displayed:
1. Press Config on the Home Page.
2. Press Radio Settings.
3. Press Number of Favorite Pages.
28 Infotainment System

Radio Data System (RDS)

RDS features are available for use only on FM stations that broadcast RDS information. With RDS, the radio can:

- Seek to stations broadcasting the selected type of programming.
- Receive announcements concerning local and national emergencies.
- Display messages from radio stations.

This system relies on receiving specific information from these stations and only works when the information is available. It is possible that a radio station could broadcast incorrect information that causes the radio features to work improperly. If this happens, contact the radio station.

When information is broadcast from the current FM station, the station name or call letters display on the audio screen. RDS can provide a program type (PTY) for current programming and the name of the program being broadcasted.

Satellite Radio

XM™ Satellite Radio Service

XM satellite radio has a wide variety of programming and commercial-free music, coast to coast, and in digital-quality sound. For more information, see www.siriusxm.com or call 1-800-929-2100 in the U.S. In Canada, see www.xmradio.ca or call 1-877-438-9677.

When XM is active, the station name, number, category name, song title, and artist display on the screen. XM may update the background picture at any time.

XM Categories

XM stations are organized in categories.

Vehicles with a valid XM satellite radio subscription can receive XM programming.
Adding or Removing XM Categories

To customize which XM categories are used and displayed in the system:

1. Press CONFIG or the Config screen button on the Home Page.
2. Select Radio Settings from the Settings Menu list.
3. Select XM Categories.
4. Select or deselect any category to be used in XM mode. A checkmark will indicate that the category is selected.

Press “Show All XM Categories” to restore all XM categories.

XM Channel Art

XM provides updated category background art and the radio will automatically update the screen. XM may send updated category art to the vehicle. When this happens, the background art may appear to be incorrect but the radio will update once all of the graphics have been downloaded from XM.

To turn XM channel art on or off:
1. Press CONFIG or the Config screen button on the Home Page.
2. Select Radio Settings from the Settings Menu list.
3. Press XM Channel Art to turn on or off.

XM Messages

XL (Explicit Language Channels): These stations, or any others, can be blocked by request, by calling 1-800-929-2100 in the U.S., and 1-877-438-9677 in Canada.

XM Updating: The encryption code in the receiver is being updated. No action is required.

Loading XM: The audio system is acquiring and processing audio and text data. No action is needed.

Channel Off Air: This station is not currently in service.

Channel Unauth: This station is blocked or cannot be received.

Channel Unavailable: This previously assigned station is no longer assigned.

No Artist Info: No artist information is available at this time on this station.
30 Infotainment System

No Title Info: No song title information is available at this time on this station.

No CAT Info: No category information is available at this time on this station.

No Information: No text or informational messages are available at this time on this station.

No XM Signal: The vehicle may be in a location where the XM signal is being blocked. When the vehicle is moved into an open area, the signal should return.

CAT Not Found: There are no stations available for the selected category.

XM Radio ID: If tuned to station 0, this message alternates with the XM radio eight-digit radio ID label. This label is needed to activate the service.

Unknown: If this message is received when tuned to station 0, there could be a receiver fault. Consult with your dealer.

Check Antenna: If this message does not clear within a short period of time, the receiver could have a fault. Consult with your dealer.

XM Not Available: If this message does not clear within a short period of time, the receiver could have a fault. Consult with your dealer.

Pandora Internet Radio

Pandora® is a free Internet radio service that streams personalized radio stations based on artists, songs, genres, and comedians. Create stations using the Pandora website or smartphone application, then use 👍 (thumbs up) or 👎 (thumbs down) to personalize stations. To set up an account, or for more information, go to www.pandora.com. Pandora may not be available in Canada or Mexico.

A phone or tablet with Internet connection and the Pandora application installed is required.

Personal cell phone data plans are used. Make sure the latest version is installed on the device and the volume is turned up.

To install Pandora:
- On an Android™ phone or Android Tablet, go to the Android Market, search for Pandora. Install to the phone, not to the SD card.
- On a BlackBerry® phone, go to the BlackBerry App World™ and search for Pandora.
- On an iPhone®, iPad®, or iPod touch®, go to the iTunes® Store and search for Pandora.

Launching Pandora

Connect the iPhone, iPad, or iPod touch to the USB port, or connect an Android or BlackBerry through Bluetooth. See Auxiliary Devices on page 46 or Bluetooth on page 53. For first time use, set up stations before connecting to the vehicle.
The Pandora icon will be available on the Home Page and the source pop-up displays if the latest application is installed on the device.

**Using the iPhone, iPod touch, or iPad**

1. Plug the device into the USB port. The phone screen must be unlocked.
2. To launch, do one of the following:
   - Launch the application on the device.
   - Press Pandora on the Home Page.
   - Press £ / ¤ and say “Pandora” or “Tune Pandora.”

To relaunch Pandora, press SOURCE or SRCE, or SRC on the steering wheel controls.

If nothing happens when the available Pandora screen button is pressed, download the latest Pandora application and retry.

Pandora will always be highlighted on the Home Page when an iPhone, iPad, or iPod touch is connected using the USB port. To use, log into your account.

If the “Please See Device” message is shown, the login screen may display on the device.

**Using an Android Phone**

1. Pair the Android phone using Bluetooth.
2. Use one of the following to launch:
   - Launch the application on the device.
   - Press Pandora on the Home Page.
   - Press £ / ¤ and say “Pandora” or “Tune Pandora.”

After Pandora has been launched, press SOURCE or SRCE, or SRC on the steering wheel controls to access Pandora features.

If nothing happens when the available Pandora screen button is pressed, download the latest Pandora application and retry.

If the “Please See Device” message is shown, the login screen may display on the device.

**Using a BlackBerry Phone**

The phone must be unlocked. To launch Pandora service:

1. Pair the BlackBerry phone using Bluetooth.
2. Use one of the following to launch:
   - Launch the application on the device.
   - Press Pandora on the Home Page.
32 Infotainment System

- Press \( \odot / \) \( \odot \) and say “Pandora” or “Tune Pandora.”

After Pandora has been launched, press SOURCE or SRCE, or SRC on the steering wheel controls to access Pandora features.

If nothing happens when the available Pandora screen button is pressed, download the latest Pandora application and retry.

If the “Please See Device” message is shown, the login screen may display on the device.

Pandora Menus
Press Menu on the Pandora main page.

Pandora has a menu system with the following:

**Quickmix:** Press to play the stations in random order.

**User-Created Stations:** Press to play a user-created station.

Pandora Features
Pandora has features to rate tracks, skip tracks, or change stations.

** Bookmark:** Press while playing a track to bookmark either the track or the artist. Bookmarks are viewable on www.pandora.com.

**Thumbs Down:** When pressed, Pandora stores the information, changes to the next track, and does not play the track on this station again. This helps Pandora choose which tracks should not play on this station. This feature is only available on user-created stations.

**Thumbs Up:** When pressed, Pandora stores this information and is highlighted for the
remainder of the track. This helps Pandora choose which tracks should play on this station.

▶ (Next Track): When pressed, Pandora changes to the next track.

▶/⅛ (Play/Pause): Press on the radio to pause playback. Press again to resume.

Pandora Skip Limit
Pandora limits the number of skips allowed on their service. When the skip limit is reached, ■ will not skip the currently playing track, but ■ feedback will be recorded.

Pandora Advertisement
Pandora may display advertisements. Artist name and track title will not be displayed and the skip track button is not available.

Switching Between Pandora and Stitcher
To switch between Pandora and Stitcher, press the application icon on the iPhone, iPod touch, or iPad. This is not required for Android devices. See Stitcher Internet Radio on page 34.

Unable to Connect Device to Vehicle
If the device is unable to connect to the USB or Bluetooth:
1. Turn the vehicle off.
2. Remove the key from the ignition.
3. Open and close the driver door, wait about 30 seconds, and try to connect the device again.

Unable to Start Pandora
If the device is unable to launch Pandora:
• Check that the latest version of Pandora is installed.
• Check that there is an active account logged into Pandora.
• Have at least one station created.
• For Android and BlackBerry devices, check that the device is paired with the vehicle, and the Bluetooth icon on the display is highlighted.
• For iPhone, iPod touch, or iPad devices, check that the USB cable is connected to the USB port and the screen is unlocked.
• Close Pandora on the device and launch again. Devices that allow multitasking may require an extra step to quit the Pandora application. See the cell phone manufacturer’s user guide.
34 Infotainment System

Thumbs Up or Thumbs Down Error
If there is an error trying to rate a track with the thumbs up or thumbs down buttons, the message “Thumbs Down Error” or “Thumbs Up Error” will display. Press OK to retry.

Loss of Audio
Loss of Pandora audio can happen in different ways:

- Weak or lost data connection.
- Device needs to be charged.
- Application needs to be relaunched.
- Connection between phone and radio lost.
- If any iPhone, iPod touch, or iPad is connected to Bluetooth and the dock connector, go to the Airplay icon on the device and select dock connector or disconnect and reconnect the dock connector on the device.

- The volume is too low. Turn up the volume on the device.

If the connection is lost between the application and device, a message “Please unlock your phone or restart the phone app and try again” will display. Press OK to retry.

Common Pandora Messages
Please See Device: When user is not logged in or when authentication failed, see the device. Press OK to continue.

Paused or Audio Paused:
Playback is paused on radio or on device. Press play or play on the device.

No Stations Found:
Logged in but no stations created. Press OK to continue.

Please Unlock Your Phone or Restart Phone App and Try Again: Communication failure between the radio and the phone application or device is locked.

Stitcher Internet Radio
Stitcher SmartRadio™ is an Internet radio service that streams news, sports, and entertainment shows through the audio system. Create personalized, on-demand stations or discover new shows through Stitcher’s preset stations. To set up an account, download the application from the Android Market or iTunes Store, or go to www.stitcher.com.

A phone or tablet with Internet connection is required for this application. Personal cell phone data plans are used. Make sure the latest version is installed on the device and the volume on the device is turned up.

BlackBerry phones are not supported for this application.

See www.pandora.com/help for more information. If the service will not work, see your dealer for assistance.
To install Stitcher:

- On an Android phone or Tablet with Internet connection, go to the Android Market, search for Stitcher, and install to the phone, not to the SD card.
- On an iPhone, iPad, or iPod Touch, go to the iTunes store and search for Stitcher.

**Launching Stitcher**

Connect the iPhone, iPad, or iPod Touch to the USB port, or connect Android through Bluetooth. See *Auxiliary Devices on page 46 or Bluetooth on page 53*. For first time use, set up the stations before connecting to the vehicle. The Stitcher icon will be available on the Home Page and source pop-up displays if the latest application is installed on the device.

**Using the iPhone, iPod Touch, or iPad**

1. Plug the device into the USB port. The phone screen must be unlocked.

2. Use one of the following to launch:
   - Press the application on the device.
   - Press Stitcher on the Home Page.
   - Press \( \text{Ctrl} + \text{C} \) and say “Stitcher” or “Tune Stitcher.”

3. If Stitcher does not begin playing, select a category and then a station.

After Stitcher has been launched, press SOURCE or SRCE, or SRC on the steering wheel controls to access Stitcher features.

If nothing happens when the available Stitcher screen button is pressed, download the latest Stitcher application and retry.

Stitcher will always be highlighted on the Home Page when an iPhone, iPad, or iPod Touch is connected using the USB port. To use, log into your account.

**Using an Android Phone**

1. Pair the Android phone using Bluetooth.

2. Use one of the following to launch:
   - Press the application on the device.
   - Press Stitcher on the Home Page.
   - Press \( \text{Ctrl} + \text{C} \) and say “Stitcher” or “Tune Stitcher.”

3. If Stitcher does not begin playing, select a category and then a station.

After Stitcher has been launched, press SOURCE or SRCE, or SRC on the steering wheel controls to access Stitcher features.

If the “Please See Device” message is shown, the login screen may display on the device.
36 Infotainment System

If nothing happens when the available Stitcher screen button is pressed, download the latest Stitcher application and retry. If the “Please See Device” message is shown, the login screen may display on the device.

Stitcher Menus

Press Menu on the Stitcher main page.

Stitcher has a menu system with the following:

**My Favorites:** Displays a list of favorite stations and shows.

Select and store programs as favorites on the device and then access them through My Favorites.

**Stitcher Station Categories:** Displays categories by topic.

When a category then sub-category is selected, the radio will start playing the first program in that sub-category.

Turn the Multifunction or MENU knob to bring up the first 24 stations of that sub-category.

**Current Station Playlist:** While listening to a show, turn the Multifunction or MENU knob to display the menu list of shows available for the current station.

**Stitcher Features**

Stitcher service has features to rate or skip shows, or change stations.

- **(Favorites):** When pressed, the current show is added to the favorites station.
- **(Thumbs Down):** When pressed, Stitcher changes to the next show. This helps Stitcher provide a personalized listening experience.
- **(Thumbs Up):** When pressed, Stitcher stores this information and is highlighted for the remainder of the show. This helps Stitcher provide a personalized listening experience.
- **(Next Show):** When pressed, Stitcher changes to the next show.
Play/Pause: Press on the radio to pause playback. Press again to resume.

Stitcher Advertisement
Stitcher may display advertisements. Artist name and title may not be displayed and the skip track button is not available.

Switching Between Pandora and Stitcher
To switch between Pandora and Stitcher, press the application icon on the iPhone, iPod Touch, or iPad. This is not required for Android devices. See Pandora Internet Radio on page 30.

Stitcher Troubleshooting
Unable to Connect Device to Vehicle
If the device is unable to connect to the USB or Bluetooth:
1. Turn the vehicle off.
2. Remove the key from the ignition.
3. Open and close the driver door, wait about 30 seconds, and try to connect the device again.

Unable to Start Stitcher
If the device is unable to launch Stitcher:
- Check that the latest version of Stitcher is installed.
- Check that there is an active account logged into Stitcher.
- Have at least one station created.
- For Android devices, check that the device is paired with the vehicle, and the Bluetooth icon on the display is highlighted.
- For iPhone, iPod Touch, or iPad devices, check that the USB cable is connected to the USB port and the screen is unlocked.
- Close Stitcher on the device and launch again. Devices that allow multitasking may require an extra step to quit the Stitcher application. See the cell phone manufacturer's user guide.

Loss of Audio
Loss of Stitcher audio can happen due to:
- Weak or lost data connection.
- Device needs to be charged.
- Application needs to be relaunched.
- Connection between phone and radio is lost.
- If any iPhone, iPod Touch, or iPad is connected to Bluetooth and the dock connector, go to the Airplay icon on the device and select dock connector or disconnect and reconnect the dock connector on the device.
- The volume is too low. Turn up the volume on the device.
38 Infotainment System

If the connection is lost between the application and device, a message “Please unlock your phone or restart the phone app and try again” will display. Press OK to retry.

Common Stitcher Messages

Please Try Again Later: A general error has occurred. A data connection may be unavailable due to a weak or lost signal or the Stitcher service being temporarily down. Press OK to continue.

Paused or Audio Paused: Playback is paused on radio or on device. Press ▶/■ or play on the device.

Please See Device: When user is not logged in or when authentication failed, see device. Press OK to continue. Disconnect the phone from the radio and follow the Stitcher account login process on the phone.

No Stations Found: Logged in but no stations created. Press OK to continue.

Please Choose a New Station: The end of the station has been reached and there is no more content to play. Select a new station through the Stitcher menu.

Please Unlock Your Phone or Restart Phone App and Try Again: Communication failure between the radio and the phone application or device is locked.

See www.stitcher.com/help for more information. If the service will not work, send an e-mail to feedback@stitcher.com or see your dealer for assistance.

Audio Players

CD Player

The CD player is capable of playing:

- Most audio CDs
- CD-R
- CD-RW
- MP3, unprotected WMA, and AAC formats

When playing any compatible recordable disc, the sound quality may be reduced due to the disc, the method of recording, the quality of the music recorded, or how the disc has been handled.

There may be increased skipping, difficulty reading recorded tracks, finding tracks, and/or loading and ejecting. If these problems occur, check the disc for damage or try a known good disc.

CD Player

- Most audio CDs
- CD-R
- CD-RW
- MP3, unprotected WMA, and AAC formats

When playing any compatible recordable disc, the sound quality may be reduced due to the disc, the method of recording, the quality of the music recorded, or how the disc has been handled.

There may be increased skipping, difficulty reading recorded tracks, finding tracks, and/or loading and ejecting. If these problems occur, check the disc for damage or try a known good disc.
To avoid damage to the CD player:
- Do not use scratched or damaged discs.
- Do not apply labels to discs. The labels could get caught in the player.
- Insert only one disc at a time.
- Keep the loading slot free of foreign materials, liquids, and debris.
- Use a marking pen to label the top of the disc.

**Loading and Ejecting Discs**

To load a disc:
1. Turn the vehicle on.
2. Insert a disc into the slot, right side up. The player pulls it in the rest of the way. If the disc is damaged or improperly loaded, there is an error and the disc ejects.

The disc automatically plays once loaded.

Press ▲ to eject a disc from the CD player. If the disc is not removed within a short period of time, it is automatically pulled back into the player.

**Playing an Audio CD**

1. Press the CD screen button on the Home Page or select CD from the source pop-up to display the CD main page.
2. Press the Menu screen button to display the menu options.
3. Press to select the option.

On the CD main page, the track number displays and the Song, Artist, and Album information displays when available.

Use the following radio controls to play the disc:

- **▷/II (Play/Pause):** Use to pause or resume play.
- **◁ SEEK (Previous/Reverse):**
  - Press to seek to the beginning of the current or previous track. If the track has been playing for less than five seconds, it seeks to the previous track. If longer than five seconds, the current track starts from the beginning.
  - Press and hold to fast reverse through a track. Release the button to return to playing speed. Elapsed time displays.
**Infotainment System**

**SEEK ► (Next/Forward):**
- Press to seek to the next track.
- Press and hold to fast forward through a track. Release the button to return to playing speed. Elapsed time displays.

**Multifunction Knob or MENU or SELECT:** Turn to the right or left to select the next or previous track. Press this knob to select from the list. If a track is selected from the menu, the system plays the track and returns to the CD screen.

**Error Messages**
If Disc Error displays and/or the disc comes out, it could be because:
- The disc is dirty, scratched, wet, or upside down.
- The disc is dirty, scratched, wet, or upside down.
- The air is very humid. Try the disc again later.
- There was a problem while burning the disc.
- The label is caught in the CD player.

If the CD is not playing correctly, try a known good CD.

If any error continues, contact your dealer.

**Steering Wheel Controls**
Depending on the vehicle options, some audio functions can be controlled through the steering wheel controls.

**Push to Talk:** Press to interact with Bluetooth or voice recognition. See Bluetooth on page 53 or Voice Recognition on page 48.

**Mute/End Call:** Press to decline an incoming call, or to end a current call. Press to silence the vehicle speakers while using the infotainment system. Press again to turn the sound on. Press to cancel voice recognition.

**Thumbwheel Control:** Press to select an audio source.

Use the thumbwheel to select the next or previous favorite radio station, CD, MP3 track, USB, and Bluetooth Audio.

Use △ SRC to skip to the next song or show using Pandora or Stitcher. See Pandora Internet Radio on page 30 and Stitcher Internet Radio on page 34.

**Volume:** Press + to increase the volume. Press – to decrease.

See “Steering Wheel Controls” in the owner manual.
USB

Playing from a USB
A USB mass storage or Certified Windows Vista®/Media Transfer Protocol (MTP) device can be connected to the USB port.
The USB port is in the center console under the armrest.
The USB icon displays when the USB device is connected.

USB Media Formats
The USB port will support the following media formats:
- MP3
- Unprotected WMA
- Unprotected AAC

Gracenote®
Gracenote technology embedded into the radio helps manage and navigate the USB device music collection. When a USB device is connected to the radio, Gracenote identifies the music collection and delivers the correct album, artist name, genres, and cover art on the screen. If information is missing, Gracenote will fill it in.

Searching Music Library Using Voice Recognition
Names: Gracenote improves music search and navigation by identifying bands, artists, and albums names that may be hard to pronounce, irregular spellings, and nicknames. For example, Gracenote helps the system understand artist names like “INXS” or “Mötley Crüe.” It also allows the use of names like: “The Boss,” “G.N.R,” “The Fab Four,” and thousands of other famous artist nicknames as voice commands to access music. See Voice Recognition on page 48.

Normalization: If equipped, normalization helps to improve the voice recognition accuracy for titles that sound similar. It also helps group long lists of genres into 10 common genres. For example, there may be multiple rock genres in the media library; normalization will group all those into one Rock Genre. Normalization default is off.

To turn Normalization on:
1. Press CONFIG or Config on the Home Page.
2. Press Radio Settings, then press Gracenote Options.
3. Press Normalization to turn on or off.
42 Infotainment System

Cover Art: The Gracenote embedded database contains cover art or album art information for the music on the USB device. If the music is recognized by Gracenote and does not have cover art, Gracenote will use the cover art found in the embedded database and display it on the radio. User predefined cover art will always be used first. If no cover art is found, Gracenote cover art will be used.

Gracenote Indexing
While Gracenote is indexing, infotainment features are available including selecting music from the menu. Voice recognition music will not be available until the radio has completed indexing the device. Devices with more music may take longer to index. The device will index when plugged into the radio for the first time. When "New Media Device Ready" plays, the device is ready for voice recognition music search. On the next connection or ignition cycle, "Indexing" will show briefly on the screen. The radio is searching for changes to the device and preparing the music list. If there are no changes, the voice recognition music search will be available. The radio will index and store two devices with up to 10,000 songs on each device.

USB MP3 Player and USB Drives
- The USB MP3 players and USB drives connected must comply with the USB Mass Storage Class specification (USB MSC).
- Hard disk drives are not supported.
- The radio will not be able to play back write-protected music.
- File systems supported: FAT32, NTFS, Linux, and HFS+
- The following restrictions apply for the data stored on a USB MP3 player or USB device:
  - Maximum folder structure depth: 8 levels.
  - Maximum number of MP3/WMA files that can be displayed: 10,000.
  - Playlist entries must be in the form of relative paths.
  - The system attribute for folders/files that contain audio data must not be set.

To play a USB device, do one of the following:
- Connect the USB and it begins to play.
- Press the Now Playing screen button on the Home Page.
- Press SOURCE or SRCE to scroll until the USB source screen is available.
- Press $\delta$ / $\nabla$ on the steering wheel controls to play CD, Artist, Album, Song Title, or Song Genre. See Voice Recognition on page 48.

- Hard disk drives are not supported.
- File systems supported: FAT32, NTFS, Linux, and HFS+.
The following playlist formats are supported:
- M3U (Standard and Extended)
- iTunes
- PLS (Standard)
- WAX
- ASX
- RMP

While the USB source is active, use the following to operate USB function:

**Multifunction Knob or MENU Knob:**
- Turn to scroll through the list. Turn quickly to fast scroll alphabetically through large lists.
- ▶/‖ (Play/Pause): Press to start, pause, or resume play of the current media source.

**SEEK (Previous/Reverse):**
- Press to seek to the beginning of the current or previous track. If the track has been playing for less than five seconds, the previous track plays. If playing longer than five seconds, the current track restarts.
- Press and hold to reverse quickly through playback. Release to return to playing speed. Elapsed time displays.

**SEEK (Next/Forward):**
- Press to seek to the next track.
- Press and hold to advance quickly through playback. Release to return to playing speed. Elapsed time displays.

**USB Menu**
The following are available through the USB Menu:

**Folders:** Press to open a folder list to access the files within the folder structure.

**Playlists:**
1. Press to view the playlists on the USB.
2. Select a playlist to view the list of all songs in that playlist.
3. Select a song from the list to begin playback.

**Artists:**
1. Press to view the list of artists on the USB.
2. Select an artist name to view a list of all albums by the artist.
3. To select a song, press All Songs or press an album and then select a song from the list.

**Albums:**
1. Press to view the albums on the USB.
2. Select the album to view a list of all songs on the album.
44 Infotainment System

3. Select a song from the list to begin playback.

**Songs:**
1. Press to display a list of all songs on the USB.
2. Songs are displayed as they are stored on the disc. To begin playback, select a song from the list.

**Genres:**
1. Press to view the genres on the USB.
2. Select a genre to view a list of all songs of that genre.
3. Select a song from the list to begin playback.

**File System and Naming**
The songs, artists, albums, and genres are taken from the file’s song information and are only displayed if present. The radio displays the file name as the track name if the song information is not available.

---

**Playing from an iPod®**
This feature supports the following iPod models:
- iPod Classic (6th generation)
- iPod Nano (3G, 4G, 5G, and 6G)
- iPod Touch (1G, 2G, 3G, and 4G)
- iPhone (2G, 3G, 3GS, and 4)
- iPad (1G, 2G)

There may be problems with the operation and function in the following situations:
1. When connecting an iPod on which a more recent version of the firmware is installed than is supported by the infotainment system.
2. When connecting an iPod on which firmware from other providers is installed.

**To connect an iPod:**
1. Connect one end of the standard iPod USB cable to the iPod’s dock connector.
2. Connect the other end to the USB port in the center console.

iPod music information displays on the radio’s display and begins playing through the vehicle’s audio system.

The iPod battery recharges automatically while the vehicle is on. The iPod shuts off and stops charging when the vehicle is shut off.

If the iPod is an unsupported model, it can still be listened to in the vehicle by connecting to the auxiliary input jack using a standard 3.5 mm (1/8 in) stereo cable.
iPod Menu

Shuffle: Press to play the tracks randomly. Press again to stop shuffle.

Use the iPod Menu to select:

Playlists:
1. Press to view the playlists on the iPod.
2. Select a playlist name to view a list of all songs in the playlist.
3. Select the song from the list to begin playback.

Artists:
1. Press to view the artists on the iPod.
2. Select an artist name to view a list of all albums with songs by the artist.
3. Select an album.
4. Select the song from the list to begin playback.

Albums:
1. Press to view the albums on the iPod.
2. Select an album name to view a list of all songs on the album or select All Songs to view all songs on the iPod.
3. Select the song from the list to begin playback.

Genres:
1. Press to view the genres on the iPod.
2. Select a genre name to view a list of artists of that genre.
3. Select an artist to view albums or All Albums to view all albums of that genre.
4. Select Artist to view albums.
5. Select Album to view songs.
6. Select the song from the list to begin playback.

Songs:
1. Press to view a list of all songs on the iPod.
2. Select the song from the list to begin playback.

Podcasts:
1. Press to view the podcasts on the iPod.
2. Select a podcast name to begin playback.

Composers:
1. Press to view the composers on the iPod.
2. Select the composer to view a list of songs by that composer.
46  Infotainment System

3. Select a song from the list to begin playback.

Audio Books:
1. Press to view the audio books on the iPod.
2. Select the audio book from the list to begin playback.

Playing from an iPhone or iPad®
This feature supports iPhone 3G, iPhone 3GS, iPhone 4, and iPad.

Follow the same instructions as stated earlier for using an iPod. To use voice recognition to play music, say “Play USB,” “Play Artist,” “Play Album,” “Play Song,” or “Play Genre.” See Voice Recognition on page 48.

iPod and iPhone Troubleshooting
When an iPhone and iPad are connected through USB and Bluetooth, the audio may not be heard when an iPhone or iPad source on the radio is selected.

If a phone call is received while listening to an iPad and there is no audio for the iPad after the call, then go to the Airplay icon on the device and select dock connector or disconnect and reconnect the dock connector on the device.

Bluetooth Audio and Voice Recognition
See Bluetooth Audio on page 47 and Voice Recognition on page 48 for information using voice recognition with Bluetooth audio.

Make sure all devices have the latest software downloaded.

Auxiliary Devices
This vehicle has an auxiliary input jack in the center console. Possible auxiliary audio sources include:
• Laptop computer
• MP3 player
• Tape player

This jack is not an audio output. Do not plug headphones into the auxiliary input jack. Set up any auxiliary device while the vehicle is in P (Park).

Connect a 3.5 mm (1/8 in) cable from the auxiliary device to the auxiliary input jack. When a device is connected, the system automatically begins playing audio from the device over the vehicle speakers.

If an auxiliary device has already been connected, but a different source is currently active, do one of the following:
• Press SOURCE or SRCE to scroll all of the available audio source screens, until the AUX source screen is selected.
• Say “Play Front AUX” using voice recognition to play the auxiliary device. See Voice Recognition on page 48.
Bluetooth Audio

If equipped, music may be played from a paired Bluetooth device. See "Pairing a Phone/Device" under Bluetooth on page 53.

To play music through Bluetooth device:
1. Power on the device, pair, and connect the device.
2. Music can be launched by doing one of the following:
   - Press the Bluetooth Audio screen button on the Home Page.
   - Press SOURCE or SRCE until Bluetooth Audio is selected.
   - Press the SRC button on the steering wheel controls until Bluetooth Audio is selected. See Steering Wheel Controls on page 40.

The music can be controlled by either the infotainment controls or the controls on the device.

Bluetooth Audio Menu

Press the Menu screen button and the following may display:

Shuffle: Press the Multifunction knob or MENU knob to turn shuffle on or off. Not all devices support the shuffle feature.

When selecting Bluetooth audio, the audio player may not be able to launch. All devices launch and play back audio differently. Make sure the correct audio source is playing on the device for Bluetooth audio playback on the radio. When the vehicle is not moving, use the device to begin playback.

When selecting Bluetooth audio as a source, the radio may show as paused on the screen. Press play on the device or push \( \text{\texttt{\textdagger}}/\text{\textdaggerdbl} \) to begin playback.

Some phones support sending Bluetooth music information to display on the radio. When the radio receives this information, it will check to see if any album art is available and display it.

To play a Bluetooth phone as the audio source, it must be the active application on the home screen.

When listening to Bluetooth audio, the audio that will play through the radio will be what is active or open on the phone.
48 Infotainment System

Voice Recognition

Voice recognition allows for hands-free operation of the infotainment system features.

Voice recognition can be used when the radio is on or when Retained Accessory Power (RAP) is active. See “Retained Accessory Power (RAP)” in the owner manual. The system maintains a minimum volume level.

Using Voice Recognition

1. Press ⌈ / ⌌ on the steering wheel. The audio system mutes. A voice prompt states, “Please say a command.” Wait until the tone is heard before speaking.

   If there is no tone, make sure that the volume is turned up.

   While voice recognition is active, the system displays a ⌌ symbol in the top right of the screen.

   2. Clearly speak one of the commands listed later in this section.

   Press ⌈ / ⌌ twice on the steering wheel to skip the voice prompt messages.

Canceling Voice Recognition

1. Press and release ⌈ / ⌌ on the steering wheel control to cancel a command, if the system response does not match the voice command, or say “Goodbye” or “Cancel.”

2. The system replies, “Goodbye.”

Helpful Hints for Speaking Commands

- When multiple commands are available, choose the command that works best for you.
- Words in parentheses are optional. For example, for the command “Tune FM (frequency),” saying “Tune FM 87.7” or “Tune FM” are both valid commands.
- When the command is recognized, the system will either perform the function or ask to confirm the choice.
- When the system does not recognize the command, the system says “pardon.”
- If experiencing difficulty with the system recognizing a command, confirm that the command is correct. Try saying the command clearly or wait for a brief moment after the tone.
- Background noise such as a climate control fan positioned on high, open windows, and very loud outside noises, even if the windows are closed, can cause voice commands to be misunderstood.
The system is able to recognize commands in different languages, such as English, Canadian French, and Spanish. The system only recognizes commands based on the language selected.

To increase or decrease the voice volume during a voice recognition session, turn the volume knob of the radio, or press the volume steering wheel control. If the volume is adjusted during a voice recognition session, a Volume bar appears on the screen showing the voice volume level as it is being adjusted. This also changes the volume of the guidance prompts.

**Voice Recognition Help**

To enter the help playback session, clearly speak one of the help commands.

**Help:** The system plays back more specific help commands such as Radio Settings for the user to choose from.

**Radio:** Use this command to learn about how to select a band (AM, FM, or XM), and how to change radio stations by speaking frequency numbers.

**Phone:** Use this command to learn about how to dial, pair a device, or delete a device.

**My Media:** Use this command to learn how to play specific tracks, artists, albums, devices connected to the USB port, or to change sources.

**Settings:** Use this command to learn about how to turn Verbose on or off, or set the language.

**Voice Recognition Commands**

The following list shows the voice commands available for the infotainment system with a brief description of each. The commands are listed with the optional words in parentheses. To use the voice commands, see the previous instructions.

**Radio Commands**

- **Tune AM, Tune FM, Tune XM, Tune Pandora, Tune Stitcher:** Instructs the system to go to the specific band and the last station.

- **Tune AM (frequency), Tune FM (frequency), Tune XM (station number), or Tune XM (station name):** Instructs the system to go to the specific station.

- **Thumbs Up:** Instructs the system to give the current song or station a thumbs up in Pandora or Stitcher.
50 Infotainment System

Thumbs Down: Instructs the system to give the current song or station a thumbs down in Pandora or Stitcher.

Phone Commands

Dial or Call (phone number or contact): Instructs the system to start a phone call. For example, say “Dial 1 248 123 4567.” To call a phone book contact, say “Dial” or “Call,” say the name and location, and then say “Dial.” For example, say “Call John at Home” or “Call John at Work.” If a number is not recognized, the first number in the list will be called.

Pair or Connect: Instructs the system to begin pairing a device.

Digit Dial: Instructs the system to dial a phone number one digit at a time. After saying the digits, say “Dial.”

Redial or Redial Last Number: Instructs the system to dial the last phone number called.

Select Device or Change Phone: Instructs the system to switch to a different paired device. The device must be selected from the screen or using the Multifunction or MENU knob.

Delete Device: Instructs the system to delete a paired device.

My Media Commands

CD, AUX, USB, or Bluetooth Audio: Instructs the system to change the source.

Play CD: Instructs the system to play a CD. For example, say “Play CD.”

Play Artist (artist name): Instructs the system to play songs by a specific artist. For example, say “Play Artist <artist name>.”

Play Album (album title): Instructs the system to play a specific album.

Play Song (song title): Instructs the system to play a specific song.

Play Genre (genre name): Instructs the system to play songs of a particular genre.

Settings Commands

Verbose (set) on (mode), Verbose (set) off (mode): Instructs the system to turn voice prompts on or off. When off, this feature turns off voice prompts.

Language (language): Instructs the system to set the language.

List Devices: Instructs the system to give a list of devices to use.

Other Commands

Goodbye: Instructs the system to end a phone call or voice recognition.

Cancel: Instructs the system to cancel an action.

Go Back, Back, Previous: Instructs the system to go back to a prior menu.
Main Menu: Instructs the system to go to the main menu.

Yes, Yep, Yup, Ya, Sure, Right, Correct, OK, Positive, You Got it, Probably, You Bet: These can be used to say “Yes.”

No, Nope, Na, No way, Wrong, Incorrect, Negative, Not really, No I said, No I Did Not, No I Do Not: These can be used to say “No.”

OnStar (If Equipped) Command

OnStar: These commands can be used after the OnStar button is pressed.

Personalization

Home Page Customization

The first Home Page can be customized.

To add screen buttons:
1. Press Menu.
2. Press Customize.

To move screen buttons:
1. Press Sort.
2. Press to select an icon to move and swap with another icon on the first Home Page only.
3. Press Done.

To restore Home Page 1 defaults:
1. Press Menu.
3. Press Yes or Cancel.
Bluetooth Phone/ Devices

Bluetooth

Overview
For vehicles equipped with Bluetooth capability, the system can interact with many cell phones and devices, allowing:

- Placing and receiving hands-free calls.
- Sharing of the cell phone’s address book or contact list with the vehicle. The phone book will only display when that phone is connected.
- Placing outgoing calls by voice recognition.

The system can be used while in ON/RUN, ACC/ACCESSORY, or Retained Accessory Power (RAP). The range of the Bluetooth system can be up to 9.1 m (30 ft). The radio can connect to most Bluetooth-enabled phones. Available features and functions may be dependent on the device.

Bluetooth Controls
Use the buttons located on the infotainment system and the steering wheel to operate the Bluetooth system.

Steering Wheel Controls

- \(\mathcal{C} / \&\) (Push to Talk): Press to answer incoming calls and start voice recognition.
- \(\mathcal{C} / \&\) (Mute/End Call): Press to end a call, decline an incoming call, or cancel voice recognition.
- \(\mathcal{C} / \&\) (Volume): Press + or − to increase or decrease the volume.

Infotainment System Controls
For information about how to navigate the menu system using the infotainment controls, see Overview on page 3.

Voice Recognition
The voice recognition system uses commands to control the system and dial phone numbers.

Things to know when using voice recognition:
The system may not recognize voice commands if there is too much background noise.

A tone sounds to indicate that the system is ready for a voice command. Wait for the tone and then speak.

Speak clearly in a calm and natural voice.

See Voice Recognition on page 48.
54 Infotainment System

Audio System
Sound comes through the vehicle’s front audio system speakers and overrides the audio system. Use the VOL/ knob during a call to change the volume level. The adjusted volume level remains in memory for later calls. The system maintains a minimum volume level. See Voice Recognition on page 48.

Bluetooth Audio
See Bluetooth Audio on page 47.

Pairing with Infotainment Controls
A Bluetooth-enabled cell phone must be paired and then connected to the vehicle before it can be used. See your cell phone manufacturer’s user guide for Bluetooth functions before pairing the cell phone. If a Bluetooth phone is not connected, calls will be made using OnStar Hands-Free Calling, if available. See “OnStar” in the owner manual.

Pairing Information
- A Bluetooth-enabled phone and an audio playback device can be paired to the system at the same time.
- Up to five devices can be paired to the Bluetooth system.
- The pairing process is disabled when the vehicle is moving.
- Pairing only needs to be completed once, unless the pairing information on the cell phone changes or the cell phone is deleted from the system.
- Only one paired cell phone can be connected to the Bluetooth system at a time.
- If multiple paired cell phones are within range of the system, the radio will connect to the first phone in the list or to the phone that was previously connected.

Pairing a Phone/Device
1. Press the CONFIG button or VOL.
2. Select Phone Settings.
3. Select Bluetooth.
4. Select Pair Device (Phone). The radio displays “Please start Bluetooth search on your phone. Confirm or enter number:.” If the device supports a four-digit Personal Identification Number (PIN), it will display. The PIN is used in Step 6.
5. Start the pairing process on the cell phone to be paired to the vehicle. See the cell phone manufacturer’s user guide.
6. Locate and select the device named after the vehicle make and model in the list on the cell phone. Follow the instructions on the cell phone to enter the PIN provided in Step 4, or to confirm the six-digit code.
matches. The system recognizes the new connected phone after the pairing process is complete.

7. If the phone prompts to accept connection or allow phone book download, select always accept and allow. The phone book may not be available if not accepted.

8. Repeat to pair additional phones.

**Listing All Paired and Connected Phones/Devices**

1. Press the CONFIG button.
2. Select Phone Settings.
3. Select Bluetooth.
4. Select Device List.

**Deleting a Paired Phone/Device**

1. Press the CONFIG button.
2. Select Phone Settings.
3. Select Bluetooth.
4. Select Device List.
5. Select the phone to delete and follow the screen prompts.

**Connecting to a Different Phone**

To connect to a different phone, the new phone must be in the vehicle and available to be connected to the Bluetooth system before the process is started.

1. Press the CONFIG button.
2. Select Phone Settings.
3. Select Bluetooth.
4. Select Device List.
5. Select the new phone to connect to and follow the screen prompts.

**Pairing with Voice Recognition**

A Bluetooth-enabled cell phone must be paired and then connected to the vehicle before it can be used. See the cell phone manufacturer’s user guide for Bluetooth functions before pairing the cell phone. If a Bluetooth phone is not connected, calls will be made using OnStar Hands-Free Calling, if available. See “OnStar” in the vehicle owner manual for more information.

**Pairing a Phone**

1. Press $\text{CONF}$. The system responds “Please Say a Command,” followed by a tone.

2. Say “Pair.” The system responds with “Please search for Bluetooth devices on your phone, select your vehicle, confirm and enter the PIN provided on the screen.”

3. Start the search for Bluetooth devices on the phone. Then select the device and following the instructions on the phone by either entering the four-digit PIN or confirming the six-digit passcode. The PIN is used in Step 4.

4. Locate and select the device named after the vehicle make and model in the list on the cell phone. Follow the instructions on the cell phone to enter the PIN provided in Step 2 or to confirm the six-digit code matches. The system responds “successfully paired.”
56  Infotainment System

5. Repeat Steps 1–4 to pair additional phones.

Listing All Paired and Connected Phones

The system can list all cell phones paired to it. If a paired cell phone is also connected to the vehicle, the system responds with “is connected” after that phone name.

1. Press $/\. The system responds “Please Say a Command,” followed by a tone.
2. Say “Bluetooth.”

Deleting a Paired Phone

If the phone name to delete is unknown, see “Listing All Paired and Connected Phones.”

1. Press $/\. The system responds “Please Say a Command,” followed by a tone.
2. Say “Bluetooth.”

4. The system responds with: “To delete a device, please touch its name on the screen.” Select the device to delete on the display and it will be removed.

To cancel this command, press $/\. on the steering wheel control or press the BACK button on the radio faceplate.

Connecting to a Different Phone or Device

To connect to a different cell phone, the system looks for the next available cell phone. Depending on the cell phone to be connected, this command may need to be repeated.

1. Press $/\. The system responds “Please Say a Command,” followed by a tone.
2. Say “Bluetooth.”
3. Say “Change Phone.”

• To select a device, press the name on the display.

If another cell phone is not found, the original phone remains connected.

Making a Call Using Phone Book and Infotainment Controls

For cell phones that support the phone book feature, the Bluetooth system can use the contacts stored on the cell phone to make calls. See the cell phone manufacturer’s user guide or contact the wireless provider to find out if this feature is supported.

When a cell phone supports the phone book feature, the Phone Book and Call Lists menus are automatically available.

The Phone Book menu allows access to the phone book stored in the cell phone to make a call.

The Call Lists menu allows access to the phone numbers from the Incoming Calls, Outgoing Calls, and Missed Calls menus on the cell phone to make a call.
The radio will display the first 1,000 contacts and the phone numbers for each contact including Home, Work, Mobile, and Other.

To make a call using the Phone Book menu:
1. Press \ or \ once on the radio or the Phone screen button.
2. Select Phone Book.
3. Select the letter group of the phone book entry to scroll through the list of names/numbers.
4. Select the name.
5. Select the number to call.

To make a call using the Call Lists menu:
1. Press \ or \ once on the radio or the Phone screen button.
2. Select Call Lists.
3. Select the Incoming Calls, Outgoing Calls, or Missed Calls list.
4. Select the name or number to call.

**Making a Call Using the Infotainment Controls**

To make a call:
1. Press \ or \ once on the radio or the Phone screen button.
2. Press Enter Number.
3. Enter the phone number.
4. Select OK to start dialing the number.
5. Select Call to place the call.

Accepting or Declining a Call
When an incoming call is received, the infotainment system mutes and a ring tone is heard in the vehicle.

**Using the Infotainment Controls**

Turn the Multifunction or MENU knob to “Answer” or “Decline” and press the Multifunction knob or MENU knob or press Accept or Decline on the screen.

**Using Steering Wheel Controls**

Press \ or \ to answer or \ or \ to decline the call.

**Call Waiting Using the Infotainment Controls**

Call waiting must be supported on the Bluetooth phone and enabled by the wireless service carrier to work.
58 Infotainment System

Switching Between Calls (Call Waiting Calls Only)

To switch between calls turn and press the Multifunction knob or MENU knob and select Switch Call or select Switch Call on the screen.

Call Waiting Using Steering Wheel Controls

Call waiting must be supported on the cell phone and enabled by the wireless service carrier.

- Press $ / $ to answer an incoming call when another call is active. The original call is placed on hold.
- Press $ / $ again to return to the original call.
- To decline answering the incoming call, no action is required or press Decline on the screen.
- Press $ / $ to disconnect the current call and switch to the call on hold.

Conference Calling Using the Infotainment Controls

Conference calling and three-way calling must be supported on the Bluetooth phone and enabled by the wireless service carrier to work. This feature is only supported when the vehicle is not moving.

To start a conference while in a current call:

1. Turn and press the Multifunction or MENU knob and select Enter Number.
2. Enter the phone number and then select OK.
3. After the call has been placed, turn or press the Multifunction or MENU knob and choose Merge Calls.
4. To add more callers to the conference call, repeat Steps 1 - 4. The number of callers that can be added is limited by your wireless service carrier.

Ending a Call

Using the Infotainment Controls

Turn and press the Multifunction knob or MENU knob and select Hang Up or press Hang Up on the screen.

Using Steering Wheel Controls

Press $ / $.

Muting a Call

During a call, all sounds from inside the vehicle can be muted so that the person on the other end of the call cannot hear them.

Using the Infotainment Controls

Turn and press the Multifunction knob or MENU knob and select Mute Call. Press again to cancel mute.
Dual Tone Multi-Frequency (DTMF) Tones

The in-vehicle Bluetooth system can send numbers during a call. This is used when calling a menu-driven phone system.

Using the Infotainment Controls

1. Turn and press the Multifunction knob or MENU knob and select Enter Number.
2. Enter the phone number or select Enter Number on the screen and select digits and press OK.

Hands-Free Phone

Using Bluetooth Voice Recognition

To use voice recognition, press the button on the steering wheel. Use the commands below for the various voice features. For additional information, say “Help” while in a voice recognition menu.

Making a Call

Calls can be made using the following commands.

Dial or Call: These commands can be used interchangeably to dial a phone number.

Digit Dial: This command allows a phone number to be dialed by entering the digits one at a time.

Re-dial: This command dials the last number used on the cell phone.

Using the “Dial” or “Call” Command

To call a number:

1. Press . The system responds “Please Say a Command,” followed by a tone.
2. Say “Dial” or “Call.”
3. Say the entire number without pausing, followed by “Dial.”

Once connected, the person called will be heard through the audio speakers.

To call using a name tag:

1. Press . The system responds “Please Say a Command,” followed by a tone.
2. Say “Dial” or “Call” and then say the name tag. For example “Call John at Work.”

Once connected, the person called will be heard through the audio speakers.

Using the “Digit Dial” Command

This allows a phone number to be dialed by entering the digits one at a time.

1. Press . The system responds “Please Say a Command,” followed by a tone.
2. Say “Digit Dial.”
3. Say each digit, one at a time, to dial. After each digit is entered, the system repeats back the digit it heard followed by a tone. After the last digit has been entered, say “Dial.”
60 Infotainment System

If an unwanted number is repeated back, say “Clear” to clear the last number.

Once connected, the person called will be heard through the audio speakers.

Using the “Re-dial” Command

1. Press \( \text{ό} / \text{ξ} \). The system responds “Please Say a Command,” followed by a tone.
2. After the tone, say “Re-dial.” The system dials the last number called from the connected cell phone.

Once connected, the person called will be heard through the audio speakers.

Clearing the System

Unless information is deleted out of the vehicle Bluetooth system, it will be retained. This includes phone pairing information. For directions on how to delete this information, see “Deleting a Paired Phone/Device.”
