

EXPERIENCE  THE NEW BUICK

2 0 1 7 B U I C K
CASCADA

There is something about Cascada that speaks to you.

It's a language formed by rhythmic beat, a driving pulse that seems to be asking you, "If not now, when?"

If not here, where?" Cascada was created in the belief that luxury isn't an acquisition,

but an attitude: **LIVE LIFE WIDE OPEN.** A beautiful, spirited convertible from Buick, the 2017 Cascada is meticulously crafted for those who demand thoughtful attention to detail and an inspired open-air experience.

You're not the kind who waits until it's 72 and sunny
to experience what it feels like to **DRIVE WITH THE
TOP DOWN.** Not when you know you're just 17 seconds—the time it takes for
Cascada's top to lower—from being right where you want to be.

CONVERT

IT'S A RARE MOMENT WHEN LIFE CAN BE LIVED ON YOUR TERMS.

The pull of a lever transforms Cascada into an open-air convertible in 17 seconds. The top can even be lowered when driving up to 31 mph. As the convertible top automatically retracts, the rear deck lid opens rearward. When lowered, the top folds neatly and completely beneath a hard tonneau cover behind the rear seats, giving Cascada a pure open-air aesthetic.

Want the top up? Going from convertible to coupe takes 19 seconds, and this too can be done while driving up to 31 mph. The convertible top's acoustic and thermal barriers help keep the interior quiet and comfortable when you're driving with the top up.

Cascada planned for your storage needs, too. Trunk space is 13.4 cu. ft.¹ with the top up and 9.8 cu. ft.¹ with the top down. And when the 50/50 split second-row seats are folded flat, a pass-through from the trunk creates extra space for luggage or longer objects.

¹Cargo and load capacity limited by weight and distribution.

With a silhouette that looks stunning whether the top is up or down, Cascada's sculpted profile is **AN EXPRESSION OF SPIRITED PERFORMANCE**. The taut creases sculpting the steel body and fabric top, the dynamic proportions and the lowered sport chassis on 20-inch alloy wheels continue the design theme. And up front, Buick's signature wing-shape Light-Emitting Diode (LED) daytime running lamps frame Cascada's front profile.

Be open to the beautiful. Open to the inspired.
Open to the thoughtful. That's what happens when you
open yourself up to Cascada.

A dark grey Buick Cascada convertible is shown driving on a winding coastal road. The car is in the lower-left foreground, moving towards the right. The road curves along a cliffside overlooking the ocean. In the background, there are mountains and a sunset sky with soft, golden light. The overall scene conveys a sense of freedom and luxury.

A Buick convertible and an open road: two things you know make for an extraordinary drive, whether you're headed across town or across the country. It starts with an exceptionally rigid chassis, purposefully designed from the outset for this convertible. A high degree of torsional stiffness is essential to achieving **REFINED DRIVING DYNAMICS**. In Cascada, this firm foundation translates into a feeling of supreme confidence. As the driver, you'll immediately sense the power of its turbocharged engine and the agility of its sport-tuned suspension.

HOLISTIC

YOU AREN'T MERELY DRAWN TO A CONVERTIBLE FOR ITS OUTWARD APPEARANCE. JUST AS IMPORTANT IS WHAT'S INSIDE.

Refined materials, luxurious textures, premium features and advanced technologies: Cascada artfully fuses each of these elements into a holistic driving experience that's comfortable, secure and connected.

Cascada is accommodating no matter the weather. When you're soaking up the sun, Cascada's heat-reflective leather-appointed seating helps keep things cooled down. When there's a chill in the air, Cascada lets you settle into the warm welcome of its standard heated driver and front-passenger seats. To help buckle you in, simply close the door, turn the ignition and the electronic safety belt presenters slide forward to make reaching the safety belt easier at shoulder level. Once the safety belt has been fastened, the presenter returns into its housing.

- To help keep order on board, Cascada has 13 places where you can easily and conveniently store your possessions.
- The rear seat-release feature creates a pass-through in the trunk that makes storing longer items easy.
- That steering wheel you've got your hands around? It's leather-wrapped and heated.

Designed from the outset as a true four-passenger convertible, Cascada offers spacious seating. A second-row Easy Entry System means your rear-seat passengers will find it surprisingly easy to step into or out of the rear compartment. Simply move the front seatbacks forward, and the seats automatically slide forward. The front seats return to their original positions when the seatbacks are moved rearward, adjusting slightly forward if a second-row passenger is detected.

SMART

CASCADA SURROUNDS YOU WITH SAFETY TECHNOLOGIES, INCLUDING AVAILABLE ADVANCED DRIVER-ALERT AND COLLISION-WARNING SYSTEMS.

Cascada surrounds you and your passengers in a security zone. The rigid Cascada body structure was purposely built as a convertible with strategic use of high-strength steel. The windshield pillars use press-hardened steel in the inner structures, reinforced with high-strength hot-rolled and cold-bent tubes within the pillars. And available Front and Rear Park Assist helps take the worry out of pulling into or out of parking spaces. A standard Rear Vision Camera helps make backing up a breeze.

Up front, a 7-inch diagonal color touch-screen IntelliLink¹ display provides on-the-go information, including text message alerts.² And there's Siri[®] Eyes Free³ for iPhones[®] running iOS 6 or later, to let you use your voice to control your iPhone.[®]

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

LANE DEPARTURE WARNING

Using onboard cameras, available Lane Departure Warning constantly monitors lane markings on the road. If it senses you are moving from your lane without using your turn signal, it gives you a visual and audible alert to help you be aware.

FORWARD COLLISION ALERT

Available Forward Collision Alert uses cameras mounted inside the rearview mirror. The system can alert you to a possible collision threat so you can take action to reduce the risk of having a frontal collision.

ROLLOVER POP-UP BARS

Hidden behind the rear seats are high-strength steel pop-up roll bars. When the possibility of a rollover is detected, pop-up bars deploy behind the rear seats and are designed to extend approximately 14 inches to approximately the height of the windshield.

¹Full functionality requires compatible Bluetooth[®] and smartphone. Some devices require USB connectivity. Data plan rates apply. ²Requires a compatible smartphone with Bluetooth profile (M.A.P.) and applicable text-messaging features. Visit my.buick.com/learn for vehicle and smartphone eligibility. ³Requires IntelliLink and compatible iPhone[®] running iOS 6 or newer.

Introducing the newest, boldest expression
of Cascada style: **THE NEW CASCADA
SPORT TOURING.** With the visual impact of sport pedals, a flat-bottom
leather-wrapped sport steering wheel, interior design details, 20-inch alloy wheels and an exterior color called
True Blue Metallic that are unique to Cascada Sport Touring, your personal sense of style shines through.

RESPONSE

EFFORTLESS PERFORMANCE,
EXHILARATING RESULTS.

You don't need to be a performance enthusiast to appreciate Cascada's turbocharged engine. What matters is that you'll have the means to drive however it suits you. And to help make the responsive power connected to your right foot smoother and quieter, the engine features twin harmonic balancing shafts. All of which will do wonders for your own harmonic balance.

■ **1.6L I-4 TURBO ENGINE** Rated at 200 horsepower, the compact 1.6L inline 4-cylinder turbocharged engine delivers strong torque, too—an estimated 207 lb-ft. There's even an overboost phase that briefly pushes torque to an estimated 221 lb-ft.

◆ **HIPER STRUT FRONT SUSPENSION** An innovative HiPer Strut front suspension uses dual-path top mounts to separate the spring and damper loads transferred to the body structure. When something impacts the front suspension, the negative effects on steering feedback are minimized: There's less torque steer and more camber control, and the driver enjoys a more direct, linear steering response.

● **STRUCTURAL DYNAMICS** A rigid chassis is at the core of Cascada's refined driving experience. Minimizing chassis flex meant our engineers could tune the suspension and steering characteristics with a high degree of precision. The result: handling control, ride comfort and an overall sense of driving confidence.

■ **ELECTRIC POWER STEERING** Steering inputs are executed by a rack-mounted electric power steering system. It gives you more immediate steering feedback, while stopping power is handled by four-wheel anti-lock disc brakes.

◆ **SPORT-LOWERED CHASSIS** Want to raise the adrenaline of a driver? Lower your chassis. That's what the suspension engineers did to help Cascada get optimal grip from its big, bold 20-inch alloy wheels.

● STRUCTURAL DYNAMICS

CONNECT

THE AVAILABLE WI-FI® HOTSPOT¹ PROVIDES A MORE POWERFUL CONNECTION THAN A SMARTPHONE OR MOBILE HOTSPOT.

Available 4G LTE Wi-Fi now travels with you. Stay connected and move effortlessly from home to work to just about anywhere without losing touch. Stream movies and TV on the go, using your favorite apps on your Wi-Fi devices.

The built-in Wi-Fi hotspot¹ supports up to seven devices, so everyone can surf, scan, create, post and game their way through any journey at 4G LTE speed.²

Any time your vehicle is on or in accessory mode, your hotspot is available and ready to connect to your devices, so it's easy to use. Our strong signal means you have a fast and reliable connection. And because the built-in Wi-Fi hotspot is powered by your vehicle, you're not reliant on your mobile device battery.

Your first 3 months or 3GB of data (whichever comes first) is included with your new Buick. After that, select a plan from OnStar that's right for you.

Not sure how much data you need for your in-vehicle Wi-Fi hotspot? Our data calculator (att.com/att/onstardatacalc) will help you visualize data usage for email, streaming music, social media and more.

¹Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plan provided by AT&T® ²Data service provided by AT&T. See onstar.com for 4G LTE coverage availability.

ONSTAR

STANDARD FOR 3 MONTHS, THE ONSTAR GUIDANCE PLAN¹ SERVICE TRIAL (TRIAL EXCLUDES HANDS-FREE CALLING MINUTES) LETS YOU CONNECT TO A SPECIALLY TRAINED ONSTAR ADVISOR JUST BY PUSHING THE BLUE ONSTAR BUTTON IN YOUR CASCADA.

EMERGENCY Automatic Crash Response² This feature can connect you to an OnStar Advisor immediately after a crash to help get you the care you need, even if you can't ask for it. Using Injury Severity Prediction technology, Advisors can help you get the right care right away.

Emergency Services One push of the red emergency button gives you a priority connection to an OnStar Advisor who can direct emergency services to your exact location and offer critical assistance until help arrives. With OnStar, you're never alone.

Crisis Assist In severe weather conditions or a crisis, Advisors can provide a fast, knowledgeable resource if you need emergency assistance, evacuation routes and other resources. OnStar can also contact family members for you.

Roadside Assistance³ If you're stranded, have a flat tire or need a tow truck, just ask an OnStar Advisor to get help to your exact location to get you back on the road quickly.

SECURITY Stolen Vehicle Assistance⁴ If your car is stolen, Advisors working with the appropriate authorities can pinpoint its location, slow the vehicle if conditions are safe and even prevent it from being restarted. And with Theft Alarm Notification, if your car alarm sounds, we'll let you know via text, email and/or a phone call. One simple call puts a team into action to help recover your car quickly and safely.

NAVIGATION Turn-by-Turn Navigation⁵ Getting directions is as easy as pushing a button and telling an Advisor where you want to go. Directions are quickly downloaded to your car, and a voice calls out every turn. An Advisor can also help you with a database of more than 14 million points of interest. To plan routes in advance, you can send destinations to your vehicle through an Advisor or the myBuick mobile app.⁶

ATYOURSERVICE⁷ Discover value on everyday purchases while on the go. Get easy access to offers at restaurants, gas stations, retail stores and more. AtYourService offers can

be accessed from your vehicle's radio touch-screen (if available), through your myBuick mobile app⁶ or an OnStar Advisor.

VEHICLE MANAGER Advanced Diagnostics⁸ This feature can alert you when something's going on under the hood. Diagnostic Alerts can send you a monthly report or real-time alerts available by email or text, detailing its findings. And with Proactive Alerts (if available), you can get a warning about potential issues with key components such as the battery, fuel pump, fuel pressure sensor and starter motor before they become a problem.

MYBUICK MOBILE APP⁶ Enjoy the ultimate ownership experience through convenient control and management of your vehicle from almost anywhere. If properly equipped, you can remotely start your vehicle, locate your vehicle on a map, lock or unlock your doors, send destinations to your car, honk your horn and flash your lights. The services of the myBuick mobile app are included for 5 years on new vehicles. To download the myBuick mobile

app to your smartphone, go to the App Store of iTunes[®] or Google Play.[™]

ONSTAR SMART DRIVER⁹ Now your vehicle can help make you a smarter driver. OnStar Smart Driver provides information about your driving behavior to help maximize your vehicle's overall performance, reduce wear and tear, monitor fuel efficiency and help you become a better driver. You can review your report and after 90 days, you can choose to share it anonymously with participating insurance providers.

REMOTE ACCESS¹⁰ With Remote Access, an OnStar Advisor can send a remote signal to lock or unlock your doors or honk your horn and flash your lights. If properly equipped, you can even use your myBuick mobile app⁶ to remote-start the vehicle from virtually anywhere.

ONSTAR HANDS-FREE CALLING¹¹ This feature is a wireless service built into your vehicle so you can easily and safely make and receive calls from the road. You must purchase calling minutes to get this service.

¹Visit onstar.com for coverage map, details and system limitations. ²Visit onstar.com for vehicle availability, details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ³Roadside service provided by Allstate Roadside Services. ⁴Services vary by model and conditions. Visit onstar.com for vehicle availability, details and system limitations. Theft Alarm Notification features vary by make and model. Requires factory-installed theft-deterrent system, Security or Guidance Plan and selection of notification communication preference(s). Vehicles must be locked electronically to arm the factory-installed theft-deterrent system. Messaging and data rates apply. ⁵Requires Guidance or Navigation Add-On Plan. Visit onstar.com for coverage map. Services vary by model. ⁶Requires data plan, compatible vehicle and device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service. ⁷Not available on Basic Plan. Valid offers can vary. Check AtYourService through the myBuick mobile app for latest offers. ⁸Capabilities vary by model. Visit onstar.com for details and system limitations. Message and data rates may apply. Requires active OnStar service, email address on file and enrollment in Advanced Diagnostics. Proactive Alerts are designed to help predict specific types of issues based on information collected from the vehicle. Other factors may affect vehicle performance. Not all issues will deliver alerts. In certain scenarios, a dealer service check may be required to confirm the accuracy of the Proactive Alert. ⁹OnStar, General Motors and their affiliates are not insurance providers, nor do they endorse insurance providers. You should obtain insurance only from licensed insurance providers. ¹⁰Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. Unlock feature requires automatic locks. Remote Start requires a factory-installed remote-start system. ¹¹OnStar Hands-Free Calling requires an existing OnStar service contract and available minutes. Not available in certain markets. Visit onstar.com for coverage map, details and system limitations.

IMPORTANT WORDS

CASCADA INFORMATION.

Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

NEW-VEHICLE LIMITED WARRANTY This warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.

4 years/50,000 miles (whichever comes first): Bumper-to-Bumper Limited Warranty. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty covers towing to the nearest Buick dealership, and there is no deductible for warranty repairs during the warranty period. The warranty transfers automatically with vehicle ownership during the warranty period.

6 years/70,000 miles (whichever comes first): Transferable Powertrain Limited Warranty plus Roadside Assistance and Courtesy Transportation.

6 years/100,000 miles (whichever comes first): Body and sheet metal components are warranted against rust-through corrosion.

EXPERIENCE BUICK PROTECTION Every 2017 Buick model includes a maintenance program that covers the first two visits of oil and filter changes, tire rotations and 27-point inspections for up to 2 years or 24,000 miles, whichever comes first (does not include air filters). The program is fully transferable to subsequent owners. See participating dealer for other restrictions and complete details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY Buick vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buick vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES Buick products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Buick products may also be used in other GM makes and models.

TRAILERING AND OFF-ROAD DRIVING INFORMATION Please go to buick.com and carefully review the vehicle Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

TAKE OWNERSHIP TO THE NEXT LEVEL Create an Owner Center account to gain unrestricted access to everything you need to get the most out of your new vehicle. Receive alerts and service offers, schedule service, view vehicle-specific how-to videos and check service records. All online, anytime. Go to my.buick.com to take a tour or register your Buick today.
