A beautiful, spirited convertible from Buick, Cascada is meticulously crafted for those who **LIVE LIFE WIDE OPEN.**

And to inspire your sense of style, Cascada now adds two new convertible top colors and more exterior color choices and introduces a stunning new Carrageen Metallic exterior color exclusive to Sport Touring.
Cascada Premium shown in Smoked Pearl Metallic with available features.
The electrohydraulic mechanism for the roof has been cycle-tested 15,000 times—the equivalent of operating the top four times a day for 10 years. That’s a lot of fresh air.

It takes just 17 seconds for Cascada’s convertible top to lower. As the convertible top automatically retracts, the rear deck lid opens rearward, and the top folds and stows under a hard tonneau cover behind the rear seats, giving Cascada a pure open-air aesthetic. The top can be lowered when driving up to 31 mph.

Want the top up? It’s easy to see why, with two new top colors—Malbec and Sweet Mocha—available on the Premium model. And it takes just 19 seconds to raise the top, which can also be done while driving up to 31 mph.

Cascada was designed for your storage needs, too. With the top up, trunk space is 13.4 cubic feet.1 With the top down, it’s 9.8 cubic feet.1

CONVERT

UP OR DOWN? CASCADA EFFORTLESSLY TRANSFORMS TO SUIT YOUR PLEASURE.

It takes just 17 seconds for Cascada’s convertible top to lower. As the convertible top automatically retracts, the rear deck lid opens rearward, and the top folds and stows under a hard tonneau cover behind the rear seats, giving Cascada a pure open-air aesthetic. The top can be lowered when driving up to 31 mph.

*Cargo and load capacity limited by weight and distribution.
Designed from the outset as a true four-passenger convertible, Cascada offers spacious seating. Your rear-seat passengers will find the second-row Easy Entry System especially helpful. Simply start to flip the front seatback forward, and the rest happens automatically. The seat moves up to make room, then returns to its original position when the seatback is moved rearward.

Cascada Premium shown in Jet Black with Jet Black accents and available features.
TAKE A LOOK INSIDE CASCADA AND YOU’LL SEE THE THOUGHT PUT INTO EVERY DETAIL.

Refined materials, inviting textures, premium features and intuitive technologies: Cascada artfully fuses each of these elements into an unforgettable driving experience.

Cascada is accommodating no matter the weather. When you’re soaking up the sun, Cascada’s heat-reflective leather-appointed seating helps keep things cooled down. When there’s a chill in the air, thermal barriers in Cascada’s top help the interior stay warm when you’re driving with the top up. Also keeping you warm are heated driver and front-passenger seats and a heated, leather-wrapped steering wheel.

• To make reaching the safety belt easier at shoulder level, simply close the door, turn the key and the front electronic safety belt presenters slide forward. Once the safety belt has been fastened, the presenter automatically returns to its original position.
• To help keep you organized, Cascada has 13 places where you can easily and conveniently store your possessions.
• When the 50/50 split second-row seats are folded flat, a pass-through from the trunk creates extra space for luggage or longer objects.

Cascada Sport Touring with Dark Effects Package
Shown in Jet Black with Red stitching
Want the boldest expression of Cascada style? Take a look at the **Cascada Sport Touring**. The performance-oriented model includes a unique flat-bottom leather-wrapped sport steering wheel, sport pedals and 20-inch alloy wheels. And it comes in a new, exclusive exterior color, Carrageen Metallic. Want to elevate the bold look of Sport Touring even further? The available Dark Effects Package adds details like gloss-black exterior accents and interior design cues like red stitching. And this year, Ebony Twilight Metallic and Summit White join Sport Red as available exterior colors with the Dark Effects Package.
A Buick convertible and an open road: two things that make for an extraordinary drive, whether you’re headed across town or across the country. It starts with an exceptionally rigid chassis, essential to achieving Refined Driving Dynamics. In Cascada, this firm foundation translates into a feeling of supreme confidence. As the driver, you’ll immediately sense the power of its turbocharged engine and the agility of its sport-tuned suspension.
Cascada’s turbocharged engine rewards you with seamless performance. The power at your command is smooth and quiet, thanks to the engine’s twin harmonic balancing shafts. Leaving you to enjoy perfect harmony with the road.

- **1.6L I-4 TURBO ENGINE**: Rated at 200 horsepower, the compact 1.6L inline-4 cylinder turbocharged engine delivers strong torque, too—an estimated 207 lb-ft. There’s even an overboost phase that briefly pushes torque to an estimated 221 lb-ft.

- **HiPER STRUT FRONT SUSPENSION**: An innovative HiPer Strut front suspension uses dual-path top mounts to separate the spring and damper loads transferred to the body structure. When something impacts the front suspension, the negative effects on steering feedback are minimized: There’s less torque steer and more camber control, allowing you to enjoy a more direct, linear steering response.

- **STRUCTURAL DYNAMICS**: A rigid chassis is at the core of Cascada’s refined driving experience. Minimizing chassis flex meant our engineers could tune the suspension and steering characteristics with a high degree of precision. The result: handling control, ride comfort and an overall sense of driving confidence.

- **ELECTRIC POWER STEERING**: Steering inputs are executed by a rack-mounted electric power steering system. It gives you more immediate steering feedback, while stopping power is handled by four-wheel anti-lock disc brakes.

- **SPORT-LOWERED CHASSIS**: To help Cascada get optimal grip from its big, bold 20-inch alloy wheels, the suspension engineers lowered the chassis. What better way to raise your adrenaline?
Cascada’s safety engineering starts with a rigid body structure purpose-built as a convertible with strategic use of high-strength steel. The windshield pillars use press-hardened steel in the inner structures, reinforced with high-strength hot-rolled and cold-bent tubes within the pillars. And available Front and Rear Park Assist helps take the worry out of pulling into or out of parking spaces. A standard Rear Vision Camera helps make backing up a breeze.

Up front, a 7-inch diagonal color touch-screen has the Buick Infotainment System display that provides on-the-go information, including Navigation and text-message alerts. And Siri Eyes Free lets you use your voice to control your iPhone.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and information.

**ROLLOVER POP-UP BARS**
Hidden behind the rear seats are high-strength steel pop-up rollover bars. When the possibility of a rollover is detected, pop-up bars deploy and are designed to extend nearly 14 inches to approximately the height of the windshield.

**FORWARD COLLISION ALERT**
This available technology can help you prevent frontal crashes by sensing when you are approaching a detected vehicle in front of you too quickly, alerting you with visual warnings and audible beeps.

**LANE DEPARTURE WARNING**
Using an onboard camera, available Lane Departure Warning constantly monitors lane markings on the road. If it senses you are moving from your lane without using your turn signal, it gives you a visual and audible alert to help you be aware.

4 A NOTE ON CHILD SAFETY: Always use safety seats and the correct child seat for your child’s age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner’s Manual and child safety seat instructions for more safety information.
ONSTAR SAFETY AND SECURITY

As you travel with the ones you care about most, available OnStar® is with you to empower every moment. With a paid OnStar service plan, you can have a 24/7 lifeline to specially trained Advisors, ready to help if you’ve been in a crash, your car’s been stolen, you’re lost or you need Roadside Assistance.

EMERGENCY HELP WHEN IT MATTERS MOST Using built-in sensors, Automatic Crash Response® can connect you to an Emergency Medical Dispatch-Certified Advisor immediately after a crash to help get you the care you need, even if you can’t ask for it. Using Injury Severity Prediction technology, these specially trained Advisors® can notify first responders about the likelihood of serious injury so they can provide help right away. You can feel confident knowing you have a team, 24/7, to get you the assistance you need.

SECURITY YOU CAN COUNT ON If your vehicle is stolen, you can be assured OnStar Advisors are ready to take action. Once a vehicle is reported stolen, OnStar Advisors can work with the police to quickly recover it. They can use GPS technology to pinpoint its location, slow the vehicle if conditions are safe and prevent it from being restarted. And with Theft Alarm Notification, if your vehicle alarm sounds, we can let you know via text, email or a phone call. One simple call puts a team of responders on action to help recover your vehicle quickly and safely.

NEW VEHICLE LIMITED WARRANTY This warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.

4 years/50,000 miles (whichever comes first) Bumper-to-Bumper Limited Warranty. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty covers towing to the nearest Buick dealership, and there is no deductible for warranty repairs during the warranty period. The warranty transfers automatically with vehicle ownership during the warranty period.

8 years/100,000 miles (whichever comes first) Transferable Powertrain Limited Warranty plus Roadside Assistance and Courtesy Transportation.

EXPRESS BUICK PROTECTION: Every 2018 Buick model includes a maintenance program that covers the first two visits of oil and filter changes, tire rotations and 27 point inspections for up to 2 years or 24,000 miles, whichever comes first (does not include air filters). The program is fully transferable to subsequent owners. See participating dealer for other restrictions and complete details.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or spoiler is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) in any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ASSEMBLY Buick vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Buick vehicles with different or differently sourced components than originally scheduled.

IMPORTANT WORDS

Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. Buick reserves the right to change or discontinue this or any other product for any reason, at any time. All model years are subject to lengthen or shorten the model year for any product for any reason, or to discontinue any product at any time, at Buick’s right, without notice to you. GM is not responsible for any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM, Buick or any other supplier. The engines in Buick products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Buick products may also be used in other GM makes and models.

TRAILERING AND OFF-ROAD DRIVING INFORMATION Please go to buick.com and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child’s size and age, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat or the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner’s Manual and child safety seat instructions for more safety information.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

TAKE OWNERSHIP TO THE NEXT LEVEL Create an Owner Center account to gain unrestricted access to everything you need to get the most out of your new vehicle. Receive alerts and service offers, schedule service, view vehicle-specific how-to videos and check service records. All online, anytime. Go to my.buick.com to take a tour or register your Buick today.
