DESIGNED TO REWARD YOUR SENSES

With its striking design, LaCrosse commands attention at first glance—and well after. From the new, performance-inspired Sport Touring to our highest expression of Buick luxury, Avenir, LaCrosse offers exciting models that evolve the personality of this premium sedan. No matter which LaCrosse you choose, you’ll be welcomed into a spacious interior that blends meticulous craftsmanship, advanced connectivity and available safety technologies. On the road, powerful acceleration and responsive handling help deliver excellent driving performance you’ll appreciate every time you take the wheel.
STYLE THAT MOVES YOU

LaCrosse’s athletic stance provides strong hints that beneath the surface is a car capable of stirring performance. Each sweeping line is a reflection of how the science of aerodynamics can serve the art of design. The long wheelbase and low roofline project a sense of muscular grace. High-Intensity Discharge (HID) xenon headlamps with signature LED daytime running lamps, LED-accented taillamps and available 20-inch alloy wheels beautifully blend form and function.
LaCrosse Essence interior shown in Brandy with Ebony accents and available features.

CRAFTED TO PRECISION

LaCrosse’s flowing body lines continue inside the vehicle along the dash and down the pass-through center console. It’s a visual element you’ll notice as you settle into the eight-way power-adjustable front seats and experience the dual-zone automatic climate controls and other tailored features at your command. Available wireless charging1 helps keep your smartphone powered and your cabin clutter-free. And an available power rear-window sunshade helps keep the rear seating area nice and cool.

1The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see your bucks consultant or consult your owner’s manual.
QUIETTUNING™ TECHNOLOGY QuietTuning technology uses triple door seals, acoustic laminated glass in the windshield and front side windows, Active Noise Cancellation, acoustic materials and many other measures to help reduce, block and absorb unwanted noise for an incredibly quiet driving experience.

HEATED STEERING WHEEL LaCrosse keeps your hands warm even when temperatures drop, thanks to an available heated leather-wrapped steering wheel.

HEATED, VENTILATED AND MASSAGING FRONT SEATS The available perforated leather-appointed front seats are heated and also offered with ventilation and massage features to help keep you relaxed and rejuvenated.

IN-VEHICLE AIR IONIZER The available in-vehicle air ionizer is designed to help keep the air in your cabin cleaner and fresher by reducing pollen, dust and debris.

BOSE® AUDIO Engineered specifically for the acoustics of the LaCrosse cabin, the available Bose 11-speaker premium sound system uses Centerpoint® surround technology to convert music into multiple channels for a fully immersive surround sound experience.
WHEN POWER IS YOUR PRIORITY

2.5L 4-CYLINDER WITH eASSIST  To deliver efficiency without compromise, LaCrosse comes standard with an enhanced 2.5L 4-cylinder engine featuring the sophisticated technology of eAssist light electrification. It combines a fuel-efficient gasoline engine with a compact electric motor/generator and an advanced 24-cell lithium-ion battery pack. The system’s electric motor provides a boost of power when you need it in various driving conditions. Delivering the power and torque expected in a full-size sedan, eAssist helps LaCrosse achieve an EPA-estimated 25 city/35 hwy mpg.

310-HP 3.6L V6  The available 310-horsepower 3.6L V6 engine combines Stop/Start technology with Active Fuel Management and a 9-speed automatic transmission to achieve an EPA-estimated 20 city/30 hwy mpg (FWD).

DYNAMIC DRIVE PACKAGE  The available Dynamic Drive Package1 dials up the precision feel with 20-inch wheels, Continuously Variable Real-Time Damping and Sport Mode, which performance-tunes the suspension and steering at the push of a button.

INTELLIGENT ALL-WHEEL DRIVE  With an active twin clutch, this available intelligent All-Wheel-Drive system sends power to the wheel(s) with the most grip in dry or slippery weather situations. On dry roads, the performance and handling benefits include improved cornering and acceleration.

1 Requires 3.6L V6 engine.
THE NEW LACROSSE SPORT TOURING

A bold take on LaCrosse style, the new Sport Touring exudes confidence with its 19-inch wheels with Midnight Silver finish, rear decklid spoiler, new blacked-out mesh grille with body-color surround and other distinctive accents.
LaCrosse Avenir is the ultimate way to experience Buick luxury. The elevated level of detail is evident in the intricate surfaces of the Avenir grille and lower fascia, and the 19-inch or available 20-inch wheels are exclusively designed to complement Avenir’s sculptured exterior.
PREMIUM MATERIALS  LaCrosse Avenir’s elevated status is embedded in each richly crafted detail, from its soft-touch perforated leather-appointed seating with contrasting stitching to its embroidered front head restraints and heated leather-wrapped steering wheel.

REFINED INTERIOR  The Avenir interior is available in two colors, Ebony and exclusive Chestnut. With its supple feel and sweeping surfaces, the tone and texture of Avenir convey the highest level of refinement.

INSPIRED AMENITIES  Avenir’s exceptional standard features include a panoramic power moonroof, Bose premium sound system, in-vehicle air ionizer, wireless charging† and built-in Navigation System.‡

†The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see myBuick.com/learn or consult your carrier.
‡Map coverage available in the United States, Puerto Rico and Canada.

HEAD-UP DISPLAY  To help you stay focused on the road ahead, the Head-Up Display projects key information such as current speed, audio source and safety alerts onto the windshield.
Imagine a driver’s seat that uses advanced technologies to warn you of potential hazards around your vehicle. That’s one of the many safety features available on the 2019 LaCrosse.

SAFETY ALERT SEAT  When available collision-avoidance technologies such as Lane Keep Assist with Lane Departure Warning or Rear Cross Traffic Alert trigger a warning, the available Safety Alert Seat issues a warning of its own. The left and/or right side of the driver-seat cushion gently vibrate to signal the direction of the approaching hazard. For some types of alerts, both sides of the seat vibrate at the same time, for example, if the object is in front of the vehicle.

REAR VISION CAMERA  To help you better navigate while backing up, the Rear Vision Camera shows you grid lines and live images of what’s behind you on the 8-inch diagonal color touch-screen.

AUTOMATIC PARKING ASSIST  This available system uses sensors to help locate an appropriately sized parallel or perpendicular (90-degree) parking spot. The available space is indicated to you using visual cues on the screen. Brake and gear selection input is still required by you, but the system takes over the steering, maneuvering LaCrosse into the space.

REAR CROSS TRAFFIC ALERT  When in Reverse, available Rear Cross Traffic Alert provides alerts to help you avoid approaching detected left or right cross traffic, such as when you’re backing out of your driveway or a crowded parking space.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING  Available Lane Keep Assist with Lane Departure Warning provides gentle steering wheel turns, and if necessary, Lane Departure Warning alerts to help you avoid crashes due to unintentionally drifting out of your lane when you are not actively steering and your turn signal is not activated.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT  Available Lane Change Alert with Side Blind Zone Alert provides side-mirror alerts to help you avoid detected vehicles moving in or rapidly approaching your side blind zone during a lane-change maneuver.

FORWARD AUTOMATIC BRAKING  If this available system detects that a front-end collision situation is imminent while following a detected vehicle and you have not applied the brakes, the system automatically applies the brakes to help reduce the collision’s severity. The system may even help avoid the collision at very low speeds.

FORWARD COLLISION ALERT  If this available system detects that a front-end collision situation is imminent while following a detected vehicle, the system alerts you to a potential crash. It also alerts you if you are following a detected vehicle much too closely.

FRONT PEDESTRIAN BRAKING  If this available system detects that a pedestrian is directly ahead and a collision is imminent, and you have not applied the brakes, the system automatically applies the brakes to help reduce the collision’s severity or avoid the collision.

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner’s Manual for more important feature limitations and information.
LaCrosse helps keep you seamlessly connected and entertained with its suite of available built-in technologies.

**NEW BUICK CONNECTED SERVICES**  With a range of available plans, Buick Connected Services seamlessly links your digital life to your vehicle. Starting with Connected Access, you’ll get standard connectivity that enables services in your vehicle. Current services include Vehicle Diagnostics and Buick Smart Driver, which analyze your driving data and give you tips on how to improve your driving habits. Add the Remote Access Plan to start and stop or lock and unlock a properly equipped vehicle via the available myBuick mobile app. You can add a monthly data plan to your account at any time that allows you to stay connected on the go with your available in-vehicle 4G LTE Wi-Fi® hotspot.

**myBUICK MOBILE APP**  Powerful and easy to use, the available myBuick mobile app lets you remotely connect to your vehicle from almost anywhere when you subscribe to Buick Connected Services. When properly equipped, you can unlock and lock your doors, remote-start or -stop your engine and get real-time diagnostics that check your vehicle’s fuel status, tire pressure, mileage and more. The myBuick mobile app is also Apple Watch™-compatible, so you can locate your Buck™ remote-start or -stop the engine, honk the horn and flash the lights and get walking directions to where it’s parked—all right from your wrist.

**APPLE CARPLAY™ COMPATIBILITY**  Just plug in your compatible iPhone® and you’ll have easy access to your contacts, maps and apps that you’re familiar with on your vehicle’s 8-inch diagonal color touch-screen. You can also have Siri® send and read your text messages, and you can listen to all of your content from iTunes®, Apple Music™ and other compatible audio apps.

**ANDROID AUTO™ COMPATIBILITY**  Android Auto makes it easy to use the touchscreen display in your LaCrosse to access your phone, texts and music. And with Google Maps, you can get voice-guided navigation, live traffic information, lane guidance and more while keeping your hands on the wheel and your eyes on the road.

**BUILT-IN WI-FI® HOTSPOT**  An available built-in Wi-Fi® hotspot supports up to seven devices from up to 50 feet away from the vehicle. So your passengers can use their favorite apps to stream movies, watch TV, play games, listen to music and check social media on the go.

**NEW BUICK CONNECTED SERVICES** With a range of available plans, Buick Connected Services seamlessly links your digital life to your vehicle. Starting with Connected Access, you’ll get standard connectivity that enables services in your vehicle. **BUILT-IN WI-FI® HOTSPOT** An available built-in Wi-Fi® hotspot supports up to seven devices from up to 50 feet away from the vehicle. So your passengers can use their favorite apps to stream movies, watch TV, play games, listen to music and check social media on the go.

---

1. Standard connectivity available only to original purchaser for 10 years. See onstar.com for details and further plan limitations. Does not include safety services. Connected Access services are subject to change. 2. Requires compatible Apple® or Android™ device and data connection. Remote services require paid plan. 3. Service varies with conditions and location. Requires active OnStar service and data plan. 4. Does not monitor spare tire. 5. Service varies with conditions. Available in the U.S. only. 6. Vehicle user interface is a product of Apple® and its terms and privacy statements apply. Requires the compatible iPhone® and data plan rates apply. Apple CarPlay is a trademark of Apple, Inc. Siri, iPhone and iTunes are trademarks of Apple, Inc., registered in the U.S. and other countries. 7. Vehicle user interface is a product of Google™ and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC.
ONSTAR SAFETY AND SECURITY

As you travel with the ones you care about most, available OnStar® is with you to empower every moment. With a paid OnStar service plan, you can have a 24/7 lifeline to specially trained Advisors, ready to help if you’ve been in a crash, your car’s been stolen, you’re lost or you need Roadside Assistance.

EMERGENCY HELP WHEN IT MATTERS MOST
Using built-in sensors, available Automatic Crash Response can connect you to an Emergency Medical Dispatch-Certified Advisor immediately after a crash to help get you the care you need, even if you can’t ask for it. Using Injury Severity Prediction technology, these specially trained Advisors can notify first responders about the likelihood of serious injury so they can provide help right away. You can feel confident knowing you have a team, 24/7, to get you the assistance you need.

SECURITY YOU CAN COUNT ON
If your vehicle is stolen, you can be assured OnStar Advisors are ready to take action with available Stolen Vehicle Recovery. Once a vehicle is reported stolen, OnStar Advisors can work with the police to help recover it. They can use GPS technology to pinpoint its location, slow the vehicle if conditions are safe and even prevent it from being restarted. And with available Theft Alarm Notification, if your vehicle alarm sounds, we can let you know via text, email or a phone call. One simple call puts a team into action to help recover your vehicle quickly and safely.

OnStar service plans and Connected Services have changed significantly. While many of the offered services are the same, available plans and pricing are different. Visit onstar.com to review all the details and limitations.

¹Visit onstar.com for coverage map, details and limitations. ²Roadside service provided by Allstate Roadside Services. ³OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. ⁴OnStar Advisors are certified by the International Academies of Emergency Dispatch. ⁵Requires armed GM factory-installed theft-deterrent system. Additional texting and data rates apply.

**IMPORTANT WORDS**

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. Buick reserves the right to lengthen or shorten the model year for any product for any reason, or to start and model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Car Sedan segment and latest available competitive information. Excludes other GM vehicles.

**NEW-VEHICLE LIMITED WARRANTY**

This warranty is for GM vehicles registered in the USA. See your Buick dealer for terms and conditions.

4 years/50,000 miles (whichever comes first): Bumper-to-Bumper Limited Warranty. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty covers towing to the nearest Buick dealership and there is no deductible for warranty repairs during the warranty period. The warranty transfers automatically with vehicle ownership during the warranty period.

6 years/70,000 miles (whichever comes first): Transferable Limited Warranty plus Roadside Assistance and Courtesy Transportation. The entire vehicle is warranted for repairs, including parts and labor, to correct defects in materials or workmanship. The warranty transfers automatically with vehicle ownership during the warranty period.

6 years/100,000 miles (whichever comes first): Body and sheet metal warranty. The entire vehicle is warranted against rust-through corrosion.

**ASSEMBLY**

Buick vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries, affiliates or suppliers to GM worldwide. We sometimes find it necessary to produce Buick vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**ENGINEs**

Buick products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Buick products may also be used in other GM makes and models.

**TRAILERING AND OFF-ROAD DRIVING INFORMATION**

Please go to buick.com and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

**ONSTAR AND BUICK CONNECTED SERVICES**

Connected vehicle services require a paid connected vehicle services plan or trial, connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signal to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage map, details and system limitations.

**A NOTE ON CHILD SAFETY**

Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner’s Manual and child safety seat instructions for more safety information.

**FLEET ORDERS**

Some standard content may be deleted with fleet orders. See dealer for details.

**GMMOBILITY.COM (1-800-323-9932)**

GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.
